5. Up to fifty (50) points for the acceptance or publication as principal author of a forensic dental article in a refereed scientific journal, electronic journal posting or textbook, with a reprint or copy sent to the C&E Committee. The determination of the point count will be made by the C&E Committee based upon the nature and content of the article and the journal in which it was published. A maximum of twenty-five (25) points will be awarded for a second article or for an article in which the candidate served as a collaborating author, both of which must be accepted or published in a refereed journal or textbook.
6. Twenty (20) points per year for a formal affiliation with a recognized medical/legal agency beyond the mandatory two (2) years. An affidavit from the authorized agent must be included. A maximum of sixty (60) points may be claimed in this category.

This will allow the applicant to take the comprehensive written examination (Part I).

2. After the C&E Committee has determined that a candidate's application is complete and in order, the candidate has fifteen (15) months from the time of receiving notification of Examination Eligible status to challenge the written examination (Part I).

3. A candidate's status of Examination Eligible does **not** indicate any level of credentialing by the ABFO.

Recertification Program

PURPOSE

The purpose of recertification by the ABFO is primarily to promote and encourage the maintenance and improvement of the diplomate's skills and knowledge in the broad area of Forensic Odontology and the related forensic sciences. Additionally, Certificates of Qualification, issued by the ABFO, remain valid for a period of five (5) years and/or until the application for recertification is acted upon. Periodic documentation as evidence of continuing activity in the field is required. By participation in the recertification process the candidate agrees to comply with current and any new policy and procedure changes indicated below.

The application for recertification must be received by the Certification and Examination Committee of the ABFO six (6) months prior to the fifth anniversary of the current Certificate of Qualification. Candidates will begin the recertification process when notified by the recertification chairman of the C&E committee, and applications forms and recertification examination must be completed by Aug 15th. This application shall provide appropriate documentation of satisfactory completion of the requirements described herein.

After notification to the applicant by the Certification and Examination Committee of the ABFO, failure to submit the Application for Recertification as outlined in these guidelines will result in the automatic lapse of the Certificate. Extensions may be granted at the discretion of the Certification and Examination Committee upon timely notice by the applicant of extenuating circumstances.

PROCEDURES FOR RECERTIFICATION

Eligibility for recertification of registered Diplomates of the ABFO will be determined by the Certification and Examination Committee. Recommendations by the Committee for Recertification must be considered and approved or disapproved by the Board of Directors. Eligibility for recertification will be based on the candidate's meaningful participation in forensic activities. This policy for establishing eligibility places a primary responsibility on the candidate to adequately describe their forensic activities.

CATEGORIES OF FORENSIC ACTIVITY

Since the practice of Forensic Odontology covers a broad range of knowledge, not only in dentistry, but in other related forensic sciences as well, these requirements for recertification is meant to reflect the diverse facets of forensic practice. All candidates for recertification must have attended a minimum of fifty (50) hours of continuing forensic dental education during the five years of their current certification. The forensic dental education courses must be approved for credit by the ABFO Certification and Examining Committee. In addition, the candidate is expected to show current involvement in one or more of the following categories of forensic activity:

1. Identification Cases
2. Personal Injury Cases
3. Court Testimony, Depositions
4. Forensic Laboratory Procedures
5. Forensic Pathology and Autopsies
6. Consultative Appointments
7. Continuing Education in Forensic Sciences (50 hours min.)
8. Research in Forensic Sciences and Related Fields
9. Publications in Forensic Sciences and Related Fields
10. Teaching, Lectures, Presentations
11. Bitemark Cases
12. Malpractice, Negligence Cases
13. Forensic Related Appointments, Activities, Offices Held and Meetings

The categories of practice given above are largely self-explanatory and patterned after the general qualifications, professional education and experience originally required of the candidate for Board eligibility. There is no minimum number of "qualification points" required for recertification, although it is expected that nearly all applicants will be active in more than one category, according to the special circumstances of his forensic activity.

Beginning in 2017 and thereafter, the recertification candidate must have attended at least one (1) annual business meeting of the ABFO Diplomates during the five-year recertification period.

FORMAT FOR RECERTIFICATION DOCUMENTATION

The documentation of the previous five years of forensic activities *must* be submitted electronically using the forms located on the ABFO website.

Failure to comply with the above referenced format and instructions will result in the return of the application for correction and the possible delay in recertification.

If this information is kept current as the activity is accomplished the process of recertification will consist of copying the pages and submitting them to the Certification and Examination Committee for their review. If there is no activity in a particular category simply indicate so on the page and submit it with the other categories. Keep in mind that if you keep this information current you will save yourself a lot of time when it is time for you to recertify.

Recertification Examination

In addition to requiring the diplomates' meaningful participation in forensic activities for recertification, in order to encourage maintenance of an optimal level of knowledge in the broad area of forensic odontology, recertifying diplomates are also required to take the ABFO Recertification Examination. This test was developed to help diplomates personally evaluate their knowledge of the breadth and scope of forensic odontology.

The test will be administered online by ORAinc at www.orainc.com. Prior to this the C&E Committee will provide ORAinc with the list of eligible recertification candidates by March 15th of the year of their required certification. ORAinc will provide a username and password to each candidate via their exclusive e-mail address of record as listed in the ABFO Diplomate contact information. This test consists of questions/items randomly selected from a pool of test questions covering all major areas in the practice of forensic odontology. After answering each item, the participant will be notified of the correct answer. For security reasons the participant will sign an agreement not to divulge the contents of the Recertification Test to anyone.

Recertification Timeline

- a. The C&E Committee will solicit a list of the year's recertification candidates from the ABFO Secretary prior to the ABFO Annual Meeting each year.
- b. The C&E Committee will notify Diplomate recertification candidates by March 1st each year of their need to recertify and of the process involved.
- c. The diplomates requiring certification will be tested by ORA following the process as outlined by the Recertification Chair.
- d. The due date of the completed application, fees and online exam for ABFO recertification is August 15th.

Policy on Continuing Forensic Dental Education

I. The purpose of this policy is to establish a forum within the ABFO through which continuing dental education courses in the field of forensic dentistry can be monitored and publicized. This policy addresses only those continuing education courses in the field of forensic dentistry which are offered to the practicing dentist. Pre-doctoral program offerings and postdoctoral program offerings are not to be included.

II. The ABFO recognizes that, as professionals, forensic dentists have an obligation to improve their own knowledge in the field and to foster the understanding of others interested in the field of forensic dentistry by presentation of and attendance at continuing education offerings. It is fitting that the ABFO assume a leadership role in the evaluation of such course offerings, by establishing a committee on continuing education.

III. The Certification and Examination Committee shall be empowered to certify that a continuing dental education course in the field of forensic dentistry is approved for ABFO continuing education credit. Such approval by the committee in no way constitutes an endorsement by the ABFO of theories, materials, and/or methods presented in the course. Rather, approval signifies that the course meets the minimum standards for continuing education in the field of forensic dentistry.

IV. Approval entitles the course to the following:

- A.** The possibility of advance listing in an ABFO publication. Such an advertisement must be requested and paid for in advance. Continuing education offerings not approved by the committee may not be publicized through any ABFO publication or program.
- B.** Approved courses are acceptable by the ABFO Certification and Examination Committee in fulfillment of the educational requirements necessary to sit for the ABFO certifying examination. Credit will be awarded on a one point per course hour basis.
- C.** Approved courses are acceptable by the ABFO Certification and Examination Committee for diplomates applying for recertification.

V. Any continuing education course desiring approval must petition the committee, in writing, prior to the course offering. The petition must include a detailed program listing topics, presenters, any outlines or other handout material, and times. Other supporting documentation concerning the scope of the course and/or the qualifications or experience of the presenters should be included with the petition.

VI. Credit, if awarded, will be established at a level of one point per 50 minute classroom hour of instruction.

VII. A continuing education course which is offered on a regular and continuing basis, and which has been attended by one or more members of the committee in the past, may be approved through a petition filed before the next scheduled offering. Such approval, if granted, shall remain in effect for future course offerings which are not substantially altered in content.

VIII. A continuing education course offered by a university, a state dental society, or other regional or national dental organization may also seek approval through a petition filed prior to its scheduled offering.

IX. All continuing education courses accepted by the ABFO for credit for certification and or recertification, including those presented by Diplomates of the ABFO, will be vetted by the Examination and Certification Committee.

X. All other continuing education courses may only be granted approval based upon timely petition and a decision of the committee to grant approval after a report by a committee member (or designate of the committee) who actually attended the course. However, while such approval is pending, those offering the course may note in their promotional material that ABFO approval has been applied for.

XI. A majority vote of the committee, whether in person, by phone or other electronic communication, or by mail is required for approval. The committee shall consider the presenter's experience and reputation in the field of forensic dentistry, the scope and level of instruction in the course, as well as the nature of the target audience in its decision to approve or rescind approval of the course.

XII. Any ABFO diplomate can request that the committee rescind or deny approval of a course or future course. The requesting diplomate must have attended the course in question and must provide the committee with written reasons for denial or rescission of approval. Upon receiving such a request, the committee will investigate as necessary and will communicate its decision as to the course in question to the diplomates and to the course presenters.

XIII. Expenses incurred by a committee member while monitoring a course shall be the responsibility of the course presenter(s). A decision by a course director to allow an ABFO monitor to attend program without charge shall not be considered a conflict of interest.

XIV. The ABFO shall make a reasonable effort to publicize these continuing education course approval procedures to forensic science groups, dental schools, dental continuing education directors, and state and national dental organizations. The ABFO will make a reasonable effort to distribute a listing of approved courses for publication in the newsletters of forensic science organizations and state and national dental organizations.

(No continuing education course in the field of forensic odontology which is offered after January 1, 1992, can be used to meet recertification or credentialing requirements unless it has been approved by the ABFO Certification and Examination Committee.)

ABFO Workshops

The ABFO has established a series of workshops to provide education and the potential for earning credit towards ABFO certification eligibility. Four workshops are offered in alternating years. The Dental

Identification and Civil Litigation workshops are offered in even numbered years and the Dental Age Estimation and the Bitemark Workshops are offered in odd numbered years. Each workshop offers varying amount of credit for its subject, has its own protocols, fee structure and requirements. The workshops are announced on the ABFO website and the credits are awarded by the workshop committees.

Civil Litigation Workshop offers one (1) credit of the two (2) sworn testimony requirements needed for ABFO eligibility.

Dental Identification Workshop offers up to five (5) ID credits of the twenty (20) ID requirements needed for ABFO eligibility.

Dental Age Estimation Workshop offers up to three (3) DAE credits of the five (5) DAE requirements needed for ABFO eligibility.

Bitemark Workshop offers two (2) credits of the four (4) bitemark requirements needed for ABFO eligibility.

ABFO Workshop Policy

Enacted 2-16-2009

Revised 2-24-2017

- 1) For any ABFO Sponsored Workshop offered with potential credit toward the ABFO examination application, the Committee Chair of the appropriate ABFO Committee shall be the lead person.
- 2) The Committee Chair may appoint someone from that Committee to assist in the development and execution of the Workshop.
- 3) Either the Committee Chair or their designee must be responsible for the Workshop and that person may appoint others to assist with the Workshop and form a “Workshop working group”.
- 4) A member of the C & E Committee must be part of the “Workshop Working Group”.
- 5) All fees paid for the Workshop must be submitted to the Treasurer of the ABFO in funds payable by PayPal or drawn on a US Bank.
- 6) Expenses for the Workshop shall only be reimbursed by the Treasurer if they are submitted by a member of the “Workshop working group”. Reimbursement for expenses requires

receipts for actual expenses and these receipts must be submitted to the Treasurer within 30 days after the conclusion of the Workshop.

- 7) Evaluation of participants for credit must include established written criteria that are measurable. These criteria shall be used by all individuals that are evaluating participants. Evaluation criteria cannot include purely subjective questions (i.e. Should this person get credit for the Workshop?). The Chair of the Committee or their appointed person must evaluate all score sheets for the Workshop and make the ultimate decision as to who does or does not get credit for the Workshop.
- 8) After the determination is made concerning which participants received credit for the Workshop, the Chair of the Committee or their appointed person must contact all participants and review their Workshop performance. This contact should be made by email, mail or telephone. If contact is made by mail or e-mail, there should be an additional offer of discussion of their performance by telephone at the discretion of the participant.
- 9) Registration Deadlines – The registration deadline for ABFO Workshops is September 1st of the year preceding the Workshop. If a Workshop fills up prior to the deadline, it will be closed out early. However, this deadline may be extended at the discretion of the Workshop chair or his/her designee.
- 10) Cancellations/Refunds – Once an individual has registered for a Workshop (submitted payment), there will automatically be an administrative fee of \$100 for any cancellation and/or request for a refund of fees paid. This amount will be subtracted from any fees paid. In addition, if 2 months have passed since the registration deadline (including early registration closeouts), the refund amount will be ½ of the fees paid less the administrative fee of \$100. e.g. \$400 registration fee - \$100 administrative fee = \$300/2 = \$150. Any cancellations that occur in the year of the Workshop (January 1st or after), will receive no refund.
- 11) Confidentiality of Workshop – All materials associated with Workshops (materials provided to or generated by participants or Workshop Committee members) become the property of the ABFO and may not be used without the permission of the ABFO Board of Directors according to Section II, Article IV, Section 1a. of the ABFO Diplomates Reference Manual
- 12) Appeal of Workshop credit decision – All decisions of the Workshop Committee members concerning any credit given (toward ABFO examination application requirements) for a Workshop is final and may not be appealed.
- 13) Acceptance of ABFO Workshop Policy – All individuals who register for any ABFO Workshop must sign and return a written acceptance of these policies.
- 14) Any cases used for an ABFO workshop must have had a verdict rendered at the trial court before being used as workshop material.

ABFO Repositories

The ABFO shall establish repositories of bitemark and dental age estimation cases which may be used by persons requiring such cases to help attain credits towards ABFO board eligibility. The repositories will be maintained by the Bitemark and Age Estimation Committees and distributed for a fee, to potential ABFO candidates.

The Age Estimation Committee shall establish and develop a repository of DAE cases. Cases from this repository may be provided to qualified candidates who request them at a fee of \$75 per case.

- A. The request for repository cases may not be made until after the candidate has completed one (1) DAE case originating from the candidate's own casework.
- B. Repository cases must be completed on time and to the satisfaction of the Age Estimation Committee to be considered toward certification application.
- C. A maximum of two (2) repository cases may be used to meet the minimum case experience requirement in DAE.
- D. A repository case may not be considered as a case from the candidate's own casework.

The Bitemark Committee has established a Bitemark Repository of digitized bitemark cases including 3D scans of dental models, 2D scans of other wax exemplars and images. Cases from this repository may be provided to qualified candidates who request them from the CE committee at a fee of \$100 for each case.

- A. Candidates, who have satisfied all of the requirements to challenge the ABFO certification examination other than the number of bitemarks, may apply to the Certification and Examination Committee to be sent a bitemark case.
- B. The Certification and Examination Committee will evaluate the application of the candidate and if approved, the candidate will submit \$100.00 (U.S. funds), to the Treasurer of the ABFO. The custodian of the repository will then send the case to the candidate.
- C. The candidate will have sixty (60) days to complete the evaluation and submit back to the Bitemark Repository all the materials sent to them as well as a written report that follows ABFO guidelines relating to bitemark analysis, terminology, and report writing. The guidelines are updated periodically and the current information is published in the Diplomates Reference Manual and available on the ABFO website. www.abfo.org
- D. The custodian of the Bitemark Repository will forward the report to the Certification and Examination Committee. They will evaluate the report. In order to receive credit the candidate must minimally;

1. Follow the ABFO guidelines on report writing.
 2. Offer an opinion as to whether each patterned injury examined contains sufficient evidentiary value to proceed. If yes offer an opinion as to whether each patterned injury is or is not a human bitemark using ABFO terminology.
 3. Use appropriate ABFO published terminology in associating a suspect to the patterned injury.
 4. Associate or exclude all suspected biters [when possible] using ABFO terminology.
- E. The Certification and Examination Committee upon completion of their review will notify the candidate in writing 1) That they will NOT receive credit for their evaluation or 2) They will be issued a certificate of completion crediting them with one Bitemark case toward satisfying the requirements to challenge the certification examination. It will be the responsibility of the candidate to retain the certificate(s).
