APPLICATION INFORMATION FOR ABFO EXAM CANDIDATES

1. Candidates should verify that they have completed all aspects of their application following the checklist found on the ABFO website. Please go to the website (www.abfo.org) and click on the certification tab. Once that tab opens, go to application documents. Under application documents, click on #11, where the application checklist is located.

2. Candidates should ensure that ALL items on this checklist are complete prior to submitting their application. All items found on the checklist, with the exception of transcripts and letters of recommendation should be placed in either a Dropbox or on a secure thumb drive for submission to the chairman of the C&E committee. The current email address for the chairman is C&EChair@abfo.org. Only one submission (Dropbox or thumb drive) is allowed per applicant. All must be in the sequence as is found on the checklist. By utilizing Dropbox or a secure thumb drive, it provides you the opportunity to send all items at once and in the proper sequence. Applications must be sent in toto including any appropriate supporting documentation. Partial applications, applications without supporting documentation, and/or items sent in multiple emails will not be accepted.

3. TRANSCRIPTS and LETTERS OF RECOMMENDATION: please have the Registrar or appropriate department of your dental college send the transcripts directly to the Chairperson of the C&E committee. Some schools require that these be sent via the US Postal Service. If that is the case, please contact the chairperson of C&E to ensure you have the correct mailing address. Transcripts should include those from your dental school and any postgraduate programs you have attended. The committee does not need any high school, junior college, or college transcripts. Letters of recommendation are to be sent directly to the Chairperson of the C&E committee.

4. Please go to the “store” tab of the ABFO website and submit your payment to the ABFO for the application and written exam fee. Applications will not be reviewed until this fee has been paid.

5. Once the complete application and verification of payment has been received by the C&E Chair, the chairperson will review your application for completeness. Do not submit your application to anyone other than the chair. You will be notified of any
content or requirement deficiencies and will have until July 1, or a time specifically
designated by the C&E Committee, to address them. This deficiency correction period is
only for items requested by the C&E committee. Once verified by the chairperson,
complete applications will be reviewed by the entire committee at an appropriate time.

6. Please note, the *entire* application and fees must be received by the Chair no
later than midnight June 1, Pacific Daylight Time. There are no extensions for late or
incomplete applications. The Chair will review the application for content and
completeness. Once verified that the application is complete, the Chair will submit the
application to the entire committee. At that time, the committee will also review the
application, primarily focusing on appropriateness and acceptability of the casework
which has been submitted (ID, Bitemark and Age Assessment). After the committee
reviews the casework, you will be notified of any deficiencies in those areas and if
additional casework needs to be submitted for review.

7. Any questions regarding your application should be submitted via email to the
Chairperson at C&EChair@abfo.org.
Application
