

A.		DEMONSTRATING FORENSIC ODONTOLOGY FOUNDATION SKILLS
	1	Apply Professional Terminology
	2	Describe Scope and History of Forensic Odontology
	3	Apply ABFO Standards/Guidelines/Policies
	4	Demonstrate Knowledge of other Forensic Science Disciplines
	5	Demonstrate Knowledge of the Legal System
	6	Use Electronic Resources (Internet, Databases, etc.)
	7	Apply General Photographic Techniques
	8	Describe Basic DNA Applications
	9	Describe General Scene Protocol (crime, accident, etc.)
	10	Demonstrate Knowledge of the Scientific Method (to process a case - ABFO Guidelines)
B.		GATHERING, DOCUMENTING, AND MAINTAINING EVIDENCE
	1	Maintain Chain of Custody
	2	Recognize Forensic Evidence
	3	Collect Forensic Evidence
	4	Preserve Forensic Evidence
	5	Transport Forensic Evidence
	6	Create Case Documentation (Work Product)
	7	Create Official Forensic Odontology Case Report
	8	Describe Report Release Protocol
C.		DEMONSTRATING KNOWLEDGE OF IDENTIFICATION
	1	Describe Application of Craniofacial Identification
	2	Use Dental Charting Systems
	3	Apply Postmortem Procedures
	4	Special Considerations in Postmortem Examinations
	5	Apply Antemortem Procedures
	6	Perform Comparisons
	7	Evaluate Comparisons
D.		PARTICIPATING IN MASS DISASTER MANAGEMENT
	1	Demonstrate Knowledge of Mass Disaster Identification Teams
	2	Describe Agency Interaction
	3	Follow Scene Protocol and Task Organization
	4	Manage Stress
E.		DEMONSTRATING KNOWLEDGE OF BITE MARKS
	1	Recognize Pattern Injury/Bite Marks on Skin and other Media
	2	Collect Pattern Injury/Bitten Substrate Data
	3	Collect Dental Data (Biters)
	4	Analyze Pattern Injury/Bite Mark Data (Received or Collected)
	5	Apply Methods of Comparison
	6	Apply Legal Documentation and Protocols
	7	Develop Case Conclusion (Associate Bite Mark and Biter)
	8	Establish Confidence Levels
	9	Describe Value and Protocol of Consulting (as necessary)
F.		DEMONSTRATE KNOWLEDGE OF HUMAN ABUSE
	1	Identify Characteristics of Human Abuse
	2	Define Types of Abuse (Legal Definitions)
	3	Recognition Various Types of Abuse (via head and neck examination)
	4	Describe Abuse Related Reporting Responsibilities

G.		DEMONSTRATING KNOWLEDGE OF CRANIOFACIAL ANATOMY, ANTHROPOLOGY, AND PATHOLOGY
	1	Demonstrate Knowledge of Craniofacial Anatomy
	2	Demonstrate Knowledge of Craniofacial Anthropology
	3	Perform Dental Age Estimation
	4	Describe Cultural/Environmental/Socioeconomic Status Effects (on Orofacial Structures)
	5	Demonstrate Knowledge of Craniofacial Pathology
H.		DEMONSTRATING PROFESSIONAL, ETHICAL, AND LEGAL RESPONSIBILITIES
	1	Describe Civil Litigation Case Procedures
	2	Describe Criminal Litigation Case Procedures
	3	Explain "Expert's" Roles and Responsibilities
	4	Cite Rules of Evidence and Case Law (e.g., Daubert, Frye)
	5	Create Trial Exhibits
	6	Present Sworn Testimony
	7	Describe Professional Ethics
	8	Demonstrate Professional Media Interaction
	9	Describe the Importance of Confidentiality
	10	Describe the Importance of Continuing Professional Education
	11	Recognize Standard of Care Issues
I.		USING LAB EQUIPMENT AND INSTRUMENTS
	1	Demonstrate Knowledge of Radiography
	2	Demonstrate Knowledge of Photographic Equipment
	3	Demonstrate Knowledge of Computer Software
	4	Demonstrate Knowledge of Computer Hardware
	5	Demonstrate Knowledge of Microscopy
J		DEMONSTRATING KNOWLEDGE OF AGE ESTIMATION
	1	Describe Application of Age Estimation
	2	Use Dental Staging Charts
	3	Demonstrate Knowledge of Age Estimation Techniques
