DIPLOMATE'S BIOGRAPHIES AND PHOTOGRAPHS

The biographical and photographic information concerning each diplomate is listed in order of their certificate number.

January 1, 2023

DIPLOMATE EMERITUS
ABFO Founding Member

DECEASED

Certificate 001

EDWARD D. WOOLRIDGE, JR., D.D.S.

Dr. Woolridge is a Charter Member of the ABFO and became a Diplomat of the ABFO in 1976. He was a member of the Board of Directors from 1976 to 1979 and from 1985 to 1988. Dr. Woolridge was the Chairman of the Organization Committee from 1974 to 1976. He was the Chairman of the Examining Committee from 1976 to 1979 and chairman of the Credentialing Committee from 1976 to 1977. He has also been the Chairman of the Nominating Committee in 1988. He was the Chairman of the AAFS Odontology Section from 1974 to 1975 and Secretary of the Section from 1972 to 1973. He is currently the Consultant to the Office of the Surgeon General. His commitment to the Board has been instrumental in its growth and development.

06/04

ABFO Founding Member

Certificate 002

RICHARD R. SOUVIRON, D.D.S.

Dr. Souviron became a Diplomate of the ABFO in 1976. Dr. Souviron was a member of the Credentialing and Examination Committee from 1978 to 1985 and Chairman from 1980 to 1985. He served on the Ethics Committee from 1991 to 1995, serving as Chairman in 1995. He was President of the ABFO from 1987 to 1988, Vice President from 1986 to 1987 and Secretary/Treasurer from 1984 to 1985. He has been a member of the Bite Mark Standards Committee and the Body Identification Guidelines Committee. Dr. Souviron was the AAFS Odontology Section Chairman in 1974 and was appointed to the Forensic Sciences Foundation from 1977 to 1979. He is the Chief Forensic Dentist for Miami Dade County, Florida, and is a Forensic Consultant to numerous crime labs and police agencies throughout the State of Florida. He has served five years in the Ethics Committee of the East Coast Dental Society and the Florida Bar Grievance Committee, 11th Judicial Circuit.

01/20

DIPLOMATE EMERITUS
ABFO Founding Member
First ABFO President

Certificate 003

DECEASED

CURTIS A. MERTZ, DDS

Dr. Mertz was born near Hallettsville, Texas. He was proud that his father was a “true cowboy” and, with his mother worked on many ranches in central Texas. Curtis attended The University of Texas in Austin and through a family friend was given the job of private secretary to the President of the University, while maintaining his student status. When he applied to attend dental school, the one school in Houston had a full class. He finally found a place in a class at the Ohio State University Dental School. After graduation from Ohio State, Dr. Mertz started an oral surgery residency at the Cleveland Clinic and Hospital. After the first year there were some changes in management and clinic directors and the clinic required that the residency staff be reduced. About that time Dr. Mertz had been offered a practice in Ashtabula, Ohio. He had completed about eighteen months of his surgical training and, unfortunately never got to finish the other six months to become board eligible as an oral surgeon. In Ashtabula, Dr. Mertz did general dentistry, exodontias and was asked to join a hospital staff. After this affiliation he did almost the entire maxillofacial trauma that occurred in the northern Ohio area. At this same time, he began to add various dental specialists to his practice. At first these were part time, but eventually his practice included all the specialties of dentistry, except oral pathology. The clinic had fourteen dentists and multiple hygienists and dental assistants. The clinic operated for over twenty-five years until he began to think about retirement. He then sold the practice. Along the way with the large practice he also started a medical and dental supply company which served northern Ohio and Eastern Pennsylvania. He closed this company a few years after selling the dental practice. The ABFO, AAFS and the Odontology Section all benefited and progressed in some measure due to his leadership. Dr. Mertz had a way to quickly get to the root of a problem or a financial situation based on his many years as chief executive officer of his large and successful group practice. Some individuals thought he was a little forceful and blunt, but the problems and situations were quickly and properly handled and you knew where you stood when the decision was made. You usually were also told the reasons why the decision was made. Dr. Curtis Mertz had the habit of eating small cigars. He said “smoking is bad for you but I need the roughage!” He suffered type I diabetes (insulin dependent) for over fifty years and was in excellent health and control.

DIPLOMATE EMERITUS
ABFO Founding Member

Certificate 004

DECEASED

ARTHUR D. GOLDMAN, D.M.D.

Dr. Goldman is a founding member of the A.B.F.O. He received his BS at the University of Rhode Island and his DMD from Tufts University School of Dental Medicine. Following graduation, he had a general practice residency at Montefiore Medical Center in New York City. Dr. Goldman served in the U. S. Army in Germany and South Korea from 1950 to 1953. Dr. Goldman practiced general dentistry from 1957 to 2002. Dr. Goldman has had post graduate studies at the Armed Forces Institute of Pathology, U.S. Army Institute of Dental Research, New York University, Columbia University and Tufts University. Dr. Goldman has held appointments at the New York City Medical Examiner, Rockland County Medical Examiner and Westchester County Medical Examiner offices. Dr. Goldman has held teaching positions as an attending at Montefiore Medical Center, scientist in residence at Herbert Lehman College, and assistant clinical professor Albert Einstein Medical Center, Columbia University Dental School and New York University. He is past president of the ABFO and the AAFS. Dr. Goldman has lectured on forensic odontology and child abuse nationally and internationally.

DECEASED

GERALD L. VALE, D.D.S., JD

2005 marked the 57th year of an extraordinary career in dentistry for Dr. Vale. After graduating from dental school at age 21, he entered U.S. Public Health Service, where he took a general practice residency and practiced general dentistry for four years. He then earned a master's degree in orthodontics and practiced that specialty for 18 years in Hollywood, California. During that time he also earned degrees in public health and law. He subsequently served as Chief Public Health Dentist for Los Angeles County, Vice President of the Dental Board of California and Interim Dean at the USC School of Dentistry. A charter member of ABFO, he became a diplomate in 1976 and president of ABFO in 1984. He has served on the Board of Directors, the Credentialing, Ethics, and Bylaws Committees and was Chair of the Research Committee in 1984. Dr. Vale also chaired the committee that wrote the initial draft for the first bitemark guidelines. In addition, he was a member of the ad hoc committee for guidelines on body identification. Dr. Vale was named Distinguished Fellow of the American Academy of Forensic Sciences in 2004.

Certificate 006

STANLEY M. SCHWARTZ, D.M.D.

Dr. Schwartz received his dental degree from Tufts Dental School in 1946. He spent three years in the Navy from 1946 to 1948. He then started a private practice in Boston. He later joined Tufts Dental School in 1970 and has been a member of the Faculty at Tufts until 1994 as a full Professor and is now a Professor Emeritus at Tufts in Oral Pathology. Dr. Schwartz has a number of teaching appointments including Harvard University Dental School, New England Hospital and Addison Gilbert Hospital. Dr. Schwartz has had 24 scientific articles published. He has lectured extensively throughout the United States on Oral Pathology, Oral Diagnosis, Radiology, Forensics, Child Abuse and Oral Medicine. Dr. Schwartz has been a Forensic Dental Examiner in Massachusetts since 1975. Dr. Schwartz has served the American Board of Forensic Odontology in many offices including President. He is a Board Diplomate of The American Board of Oral Medicine. He is currently serving in the U.S. Coast Guard Auxiliary as Flotilla Commander.

05/02

ABFO Founding Member

Certificate 007

LOWELL J. LEVINE, D.D.S.

Dr. Lowell J. Levine is a forensic scientist and Co-Director of Operations for the New York State Police Forensic Sciences Unit. After receiving a Doctor of Dental Surgery degree from New York University in 1963 he served two years of active duty as a dental officer in the US Navy and recently retired from US Naval Reserve as a Captain. He has served as President of the American Academy of Forensic Sciences, the Forensic Sciences Foundation and the American Board of Forensic Odontology. He has testified as an expert witness in celebrated cases nationwide. Including that of serial murderer Theodore Bundy as well as in federal courts, court marshals and committees of the Congress of the United States. He has established an international reputation for his participation in the identification of Nazi war criminal Joseph Mengele. Assisted in the investigation by the Commission on the Disappeared of Argentina and most recently has served as a member of a team that went to Ekaterinburg, Russia, to examine remains of Tsar Nicholas II and his family. He has also served as a consultant to the Philadelphia Special Investigation Commission investigating the MOVE conflagration and US Army's Central Identification Laboratory identifying MIAs of Vietnam. He participated in the medicolegal investigation of the sailors killed on the USS Stark (EFG-31) as well as the Select Committee on Assassinations of the US House of Representatives which investigated the assassination of President John F. Kennedy. In addition to training scientists in Indonesia, Panama, Costa Rica, Ecuador and other countries for various governments and agencies he has published numerous scientific papers and lectures throughout the United States and internationally. He was instrumental in developing the annual NYSP Col. Henry F. Williams Homicide Seminar. The Homicide Seminar will hold its ninth meeting this year and attendees are from throughout the USA, Canada, Belarus, Russia, Scotland and England. Our fourth annual NYSP Sex Offense Seminar was recently host to 170 attendees from throughout New York State. Dr. Levine brings his expertise to dead and living victims of abuse. He recently received Hobart College's Medal of Excellence as a distinguished alumnus.

ABFO Founding Member

Certificate 008

ROBERT DORION, D.D.S.

Dr. Dorion received a B.Sc. from St. Francis Xavier University in 1968 and a D.D.S. from McGill University in 1972. This founding member of the ABFO has served as President in 1985-86 and held various positions on the Ethics, Certification and Examination, Bitemark Evidence and Patterned Injuries, and Research Committees and contributed to Bitemark Workshop #3, #4, #5, #6, #8, #9, and #13; he has held appointments/lectured/guested at the University of Montreal, Laval, and McGill, the Canadian Police College (RCMP), Federal Bureau of Investigation (FBI), National Crime Information Center (NCIC) Dental Task Force, (CPIC) Advisory Committee and the Child Abduction and Serial Killer Unit, Organization of Scientific Area Committee, National Institute of Standards and Technology (OSAC -NIST), and the Bite Mark Thinkshop - The Center for Statistics and Applications in Forensic Evidence (CSAFE). In 2002 he received an “*Exceptional service in the public interest*” award from the FBI director. In 2004 as assistant professor inaugurated the first forensic dentistry internet course for McGill University’s Faculty of Dentistry and collaboration with the Laboratoire des science judiciaries et de médecine légale, Ministry of Public Security for Quebec. He has served as Director of forensic dentistry for the latter since 1973. He became a member of the American Academy of Forensic Sciences in 1975, Fellow in 1977, received the “*Distinguished Fellow*” award in 2002, the “*Lester Luntz*” Award in 2005 and the “*Reidar Sognnaes*” Award of Excellence in 2006, a member of the Board of Directors (2007-2010), and Executive Committee (2008-2009). He has held various posts with the Canadian Society of Forensic Science since 1972 including President in 1978-79 and Fellow in 1997. He is Fellow of L’Académie Dentaire du Québec, and the American College of Dentists. As Research Assistant Professor, Dept of Oral Diagnostic Sciences, School of Dental Medicine, SUNY at Buffalo has contributed to bitemark research and literature. He has served on the Editorial Board of the Journal of the Canadian Society of Forensic Science, the Journal of the Canadian Dental Association, and Consultant to the Law Reform Commission of Canada. Dr. Dorion has researched, lectured and published extensively in forensic dentistry and contributed to and edited the first stand-alone book on *Bitemark Evidence* in 2005 with a 2nd edition in 2011.

PAUL G. STIMSON, D.D.S., M.S.

Dr. Stimson is Professor and Vice Chairman of the Department of Oral Diagnostic Sciences at the University of Texas Health Sciences Center at Houston, Dental Branch. He holds board certification in Forensic Odontology and Oral Pathology. He is the consultant in forensic odontology to the Harris County Medical Examiner. He has been this consultant for over twenty years. He has lectured at the Armed Forces Institute of Pathology in the Forensic Dentistry Course since 1968. He is on the faculty and serves as course consultant for the Southwest Symposium on Forensic Dentistry during their last nine symposiums. He was co-editor of the Dental Clinics of North America issue directed to Forensic Dentistry. He has served in the offices of the American Society of Forensic Odontology from secretary treasurer to president. His services to the American Board of Forensic Odontology include board member, secretary, treasurer and president of the Board. He was recently appointed parliamentarian to the ABFO. Dr. Stimson has many publications and presentations in the field of oral pathology and forensic odontology. He has lectured in the United States, Canada, Mexico, England and the Scandinavian countries. He has testified in bite mark homicide cases, malpractice cases, and forensic dental identifications for both the prosecution and the defense. He has also consulted on many personal injury cases. He recently did the necessary dental identifications in the Phillips Refinery explosion and fire in Pasadena, Texas. He serves presently as consultant in oral pathology to M. D. Anderson Cancer Center and hospital and Veterans Administration Hospital in Houston.

DAVID B. SCOTT, D.D.S.

DECEASED

Born in Providence, Rhode Island, he received his AB from Brown University in 1939 and his DDS in 1943 from Baltimore College of Dental Surgery, University of Maryland. In 1944, he was awarded an M.S. from The University of Rochester where he was a Carnegie Fellow in dental research. Dr. Scott has been a member of many professional organizations, including the American Association for Dental Research, and the International Association for Dental Research of which he is a past president. He was a fellow of the American College of Dentists, and the American Academy of Forensic Sciences. He has also served as a consultant to various scientific organizations, and has been a member of the board of directors of the ABFO. Dr. Scott was awarded honorary doctor of science by the Medical and Dental College of New Jersey in 1979, and the Louis Pasteur, Strasbourg, France in 1981. The recipient of numerous other awards, he received the Arthur S. Flemming Award in 1955, which is presented annually to 10 outstanding young persons in Federal service. Other honors include the Award in Forensic Odontology from the American Academy of Forensic Sciences, and the International Association for Dental Research Award for Research in Mineralization. Dr. Scott has authored 80 scientific publications, and has served on the editorial staff of three dental journals. Dr. Scott was appointed director of the National Institute of Dental Research in 1976 and Assistant Surgeon General in the U.S. Public Health Service, ending that career in 1981; which included 27 years of service in the NIDR. Dr. Scott was one of the earliest scientists to use electron microscope in a systematic study of the microstructure of enamel and dentin. His pioneering work in forensic dentistry is widely recognized. His contributions to the determination of personal identity and the estimation of chronologic age through evaluating dental features, as well as developing new laboratory techniques for studying dental evidence, has been of value to medical legal scientists.

EDWIN E. ANDREWS, D.M.D., M.E.D.

Dr. Andrews is a 1956 graduate of Syracuse University and was commissioned as a 2nd Lt. in the USAF. He entered pilot, navigator and bombardier training and flew B-47's in SAC as a triple rated crewman before entering dental school. During his schooling, internship and residency, Dr. Andrews continued flying (C-119's, C-121's, T-33's and C-97's). He became an international aircraft commander in the C-97 and flew worldwide. He is a Viet Nam veteran. After several years of private practice, Dr. Andrews taught at the University of Missouri at Kansas City and University of Oklahoma College of Dentistry (OU). While at OU, he successfully completed his boards in prosthodontics, becoming the first U.S. board certified doctor in the area of maxillo-facial prosthodontics. Dr. Andrews started the Department of Prosthodontics at OU. Dr. Andrews became involved in forensics as a result of a child bitemark case which required dental impressions of two live dogs. This case is in the Helprin Museum in NYC. From 1973 to 1984, Dr. Andrews acted as a consultant to the Oklahoma State Medical Examiner's office working on 50 to 100 identifications per year. After leaving Oklahoma, he practiced for 15 years in Arkansas until his retirement in 2002 but remains on staff as a deputy coroner for Benton County. Dr. Andrews is presently working with the office of the Ohio District Attorney on a case where a 3 day old infant was attacked by three dogs resulting in the infant's death. Dr. Andrews is a diplomate of the American Board of Prosthodontics, a Diplomate of the American Board of Forensic Odontology, Past President of the American Society of Forensic Odontology and Lt. Col. USAF, ret.

NORMAN D. SPERBER, D.D.S.

Dr. Skip Sperber is a practicing dentist in San Diego. He is the Chief Forensic Dentist for San Diego and Imperial Counties, and the Chief Forensic Dentist for the California Department of Justice's Dental Identification System and Missing/Unidentified Persons Unit. He was the dental team leader responsible to the San Diego Coroner in the 1978 San Diego Midair Collision. A 1996 NBC Monday night movie "Murder or Memory" detailed one of the cases that he investigated in Chicago. Dr. Sperber has conducted over 1500 forensic dental examinations and has testified in over 175 bite mark, ligature and other object marks, age determination and body identification cases in twenty states, from California to Maine and Florida to Washington. He was an expert witness/consultant in the Florida vs. Bundy case; in New York's "Preppie" murder case; the Jeffrey Dahmer serial murder case as it related to two Milwaukee patrol officers and many other high-profile cases. He has written several articles for the FBI Law Enforcement Bulletin and has contributed several chapters on forensic dentistry to major private and government publications. Dr. Sperber lectures to many law enforcement organization and related groups, including the California Department of Justice and the San Jose State University's Criminal Justice Department on a regular basis. In 1998 he was designated a Distinguished Fellow of the American Academy of Forensic Science), one of only three forensic dentists to receive this highest honor.

S. MILES STANDISH, D.D.S.

A distinguished alumnus of Indiana University School of Dentistry, Prof. Emeritus S. Miles Standish (DDS '45, MS '56) had devoted more than 40 years of service to the University at the time of his retirement in 1988. During that time, Dr. Standish held many key positions at IUSD, including professor of Oral Pathology, Chairman of Oral Diagnosis/Oral Medicine, and Associate Dean for graduate and postgraduate education. A 13th generation direct descendant of Captain Myles Standish, he served in the U.S. Navy from 1945 to 1947 and in the U.S. Naval Reserve, Dental Corps until his retirement with the rank of Captain in 1983. He was a diplomate of the American Board of Oral and Maxillofacial Pathology, the American Board of Oral Medicine, and the American Board of Forensic Odontology; a fellow of the American Academy of Oral and Maxillofacial Pathology (AAOMP) and the American Academy of Forensic Sciences (AAFS); a member of the American Dental Association, Indiana Dental Association and component societies; a charter member of the American Society of Forensic Odontology and Indiana Society of Forensic Odontology (ISFO); and a past president of the AAOMP, the AAOMP's board, the ISFO, and the Organization of Teachers of Oral Diagnosis. He served as a consultant to, or as a member of the board of directors for, a wide range of national and state organizations including the American Cancer Society and the Indiana Medical History Museum. He held special appointments and received awards and honors too numerous to mention; chief among them was the AAFS Odontology Section Award he received in 1991. Dr. Standish made over 200 presentations, authored or contributed to 64 articles or published abstracts and 18 books including Oral Diagnosis/Oral Medicine (1969, 1971, 1978), Outline of Forensic Dentistry (1982), and both volumes of The Indianapolis (District) Dental Society - an Historical Perspective, 1878-1978 and 1979-2000 (1994, 2000). Dr. Standish earned a national reputation for his work as a forensic odontologist. During a murder trial in the 1970s, he gave testimony as an expert witness on bite marks. The suspect was convicted, largely on the basis of Dr. Standish's testimony. The trial established a precedent in Indiana for admission of bitemark evidence into a court of law and is cited as a landmark case in this state. Dr. Standish was appointed an honorary lieutenant colonel by the Indiana State Police for his work in forensic dentistry. 06/04

JAMES D. WOODWARD, D.M.D., M.Ed.

Dr. Woodward retired from the active practice of dentistry in 1998, although continuing a part time relationship with the University of Louisville School of Dentistry as Professor Emeritus. This part time relationship has been with the Department of Prosthodontics and the Office of Admissions. Dr. Woodward came to the University of Louisville School in the spring of 1981 as a Professor of Prosthodontics. While teaching, he maintained a private practice in prosthodontics and as a consultant in the fields of prosthodontics and forensic odontology in Kentucky, Texas and Oklahoma. Dr. Woodward earned his DMD degree at the University of Louisville and attended undergraduate school at Western Kentucky University and the University of Louisville. Dr. Woodward did graduate work at the University of Texas Dental Branch Houston where he received a certificate in prosthodontics in 1974. He received his M.Ed. degree in Higher Education Administration from Central State University at Edmond, Oklahoma in 1977. He returned to his home state as Professor of Prosthodontics at the University of Louisville. Dr. Woodward has twenty-three publications in professional journals and textbooks. He was honored with the Distinguished Teaching Professor Award at the Dental School at the University of Louisville and was chosen "Outstanding Career Teacher" by the Oral Roberts University School of Dentistry Alumni Association. Dr. Woodward was involved with forensic dentistry for many years, (since 1969). He has given numerous C.E. courses on identification of the deceased and participated in many training programs for coroners, medical examiners, and police. Dr. Woodward has made hundreds of dental identifications on burn victims, skeletons, decomposed bodies, and fragmentation cases from air plane crashes. The most publicized cases were the 27 victims, of the Carrolton Bus Crash in 1988 and the 27 teenage boys in Houston mass murder case in 1973.

01/05

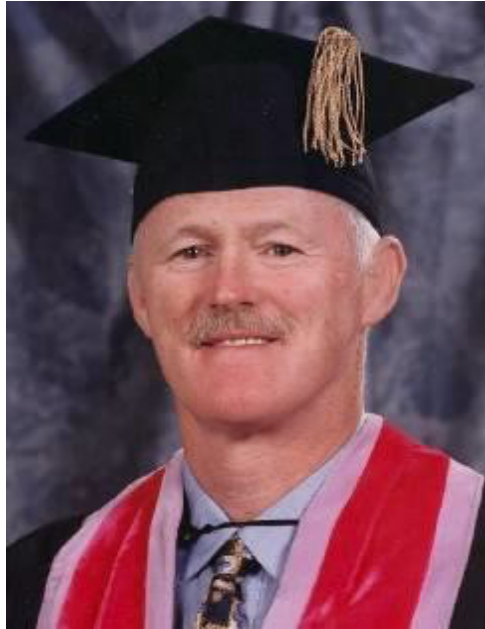

Certificate 030

DECEASED

REIDAR F. SOGNNÆS, D.D.S., M.S., Ph.D.

Dr. Reidar Sognnaes was born in Bergen, Norway, on November 6, 1911, the youngest of six sons. He received his dental education at the University of Oslo before coming to America in 1938 as an intern at the Forsyth Dental Infirmary for Children in Boston. He continued on as a Carnegie Dental Fellow at the University of Rochester School of Medicine and Dentistry in New York where he earned a Master of Science Degree in Physiology and a Ph.D. in Pathology in 1941. Following World War II, in which he served as a captain in the Royal Norwegian Air Force, Dr. Sognnaes accepted a teaching position at Harvard University. There he occupied an endowed chair as the Charles A. Brackett Professor of Oral Pathology and eventually served as the Associate and Acting Dean of the Harvard School of Dental Medicine between 1952 and 1960, when he came to UCLA. Dr. Sognnaes guided the founding of the UCLA School of Dentistry which was established in 1960. He served as Dean until stepping down in 1968 to continue his research as Professor of Anatomy and Oral Biology in the UCLA Schools of Dentistry and Medicine. A world-renowned scholar in his field, Dr. Sognnaes' most recent research established him as a leader in forensic dentistry. He is perhaps most well-known for his examination of George Washington's dentures. Dr. Sognnaes disproved the theory that America's first president wore wooden teeth. He is also credited with verifying the remains of Adolf Hitler and his infamous associate, Martin Bormann, through examination of classified American and Soviet dental records. Dr. Sognnaes' early research focused on hard tissue pathology and calcification in biological systems, and that research placed him in an elite circle of international scholars. He published more than 300 articles in his lifetime. Among other achievements, Dr. Sognnaes was the first dentist elected a Fellow of the American Academy of Arts and Sciences, and the first dentist elected to senior membership in the Institute of Medicine of the National Academy of Sciences. He held honorary membership in several national and foreign professional societies and served as President of the International Association for Dental Research, the American Institute of Oral Biology, and the International Society of Forensic Odontostomatology. A man who was never idle, Dr. Sognnaes pursued his work until a heart attack claimed his life on September 21, 1984. He accomplished his dream of founding the UCLA School of Dentistry, designing its quarters and establishing it as an integral part of the UCLA Center for Health Sciences. He laid the groundwork for the UCLA Dental Research Institute and started the Venice Dental Clinic in Los Angeles which provides low-cost dental care to children and adults.06/04

Certificate 031

LAURENCE S. CHEEVERS, D.D.S.,

Dr. Cheevers was born in Galway, Ireland in 1943. His early childhood education was by the Jesuits and Vincentian Fathers. He graduated in dentistry from University College Dublin, 1968. During his university days he competed internationally in Rugby, Boxing, and Track and Field. Dr. Cheevers has practiced in England, South Africa (Cape Town) prior to immigrating to Canada. He started practice in Vancouver in 1972 and became involved in Coroner's Office shortly thereafter. Dr. Cheevers was Chief of Forensic Odontology for British Columbia from 1973 to 1998. During his tenure he was involved in over 2500 cases involving every facet of forensic dentistry. Dr. Cheevers has been awarded Fellowships by the American College and the International College of Dentistry. He has been recognized by the Canadian Dental Association and the British Columbia Dental Association for his community and personal contribution on behalf of the profession.

GEORGE FURST, DDS

Dr. George Furst is a native son of New York City. He received his dental degree from the University of Pennsylvania School of Dentistry in 1942 and served in the United States Public Health Service from 1942 to 1946. Dr. Furst was in private practice from 1946 to 1983. Forensic dentistry became his avocation when he was appointed forensic odontology consultant to the Medical Examiners' office for the Borough of Queens in New York City and Rockland County in New York State. Dr. Furst was a well know forensic dentist and made many contributions to forensic dentistry both locally and nationally. In 1974 Dr. Furst presented a paper at the AAFS meeting on "Prosthetic Identification Markings". Because of this paper and through his efforts 21 states now have mandatory laws requiring markings on all removable dental prosthesis. In 1980 he became a diplomate of the ABFO. He served as editor of the ASFO Newsletter for 11 years (1985 to 1996) being name editor emeritus in 1996. Dr. Furst received the Life Time Achievement Award from the odontology section of the AAFS in 1996 for his dedicated service as editor of the ASFO Newsletter. Dr. Furst has lectured at Columbia University Schools of Dentistry and Medicine, NYU School of Dentistry, Indiana Dental Association, Greater New York Meeting on forensic odontology. In 1992 Dr. Furst started a Saturday morning session of the odontology section of the AAFS which was primarily for new members of the AAFS to present their first paper. This Saturday morning session became known as "The Furst Word Society". Upon retirement and moving to Arizona he served as a mentor to Dr. John Piakis. Dr. Furst could tell a joke like no one else. His moaning audience never stopped George. George's wife Geri survived him and is alive and very active, living in Sun City Arizona.

06/04

EDWARD J. PAVLIK, D.D.S., M.S.

Dr. Pavlik received his dental degree in 1966 from Northwestern University Dental School and master's degree in science with a certificate in orthodontics from Northwestern University, Department of Orthodontics in 1968, and is board certified by the American Board of Orthodontics. He started forensic activities in 1967. Dr. Pavlik was consultant, Deputy Coroner, Chief of Forensic Dentistry, and dental identification team leader for the Cook County Coroner's Office from 1967-1976. From 1971-1979 Dr. Pavlik was Special Deputy Sheriff, Identification Section of the Lake County Indiana Sheriff's Office. He became board certified by the American Board of Forensic Odontology in 1980. Dr. Pavlik received a board certification from the National Board of Forensic Dentistry in 1981. Since 1976 he has been forensic odontologist, consultant, lecturer in criminalistics, Deputy Sheriff and Chief of Forensic Sciences for the Cook County Sheriff's Police, and retired after 25 years of service in 2001. From 1977 through 1988 he had been chief consultant, lecturer in forensic odontology and dental identification team leader for the Cook County Medical Examiner's Office. From 1967 through 2001 he was a consultant and lecturer in the criminalistics section of the Chicago Police Department. From 1979 through 2005 Dr. Pavlik lectured in forensic dentistry and malpractice avoidance at the University of Illinois Chicago Campus. Since 1996 Dr. Pavlik has served as chief consultant and lecturer in forensic odontology for the Will County Coroner's Office. He is also a consultant and lecturer for the Will County Sheriff's Police Criminal Investigation Division. He has also been a malpractice consultant for the Illinois Department of Financial and Professional Regulation. In Illinois he has written two major pieces of forensic odontology legislation. He lectures in the fields of bite marks, mass disasters, pre-reconstructive orthodontics and malpractice avoidance, and is currently a featured speaker with the American Dental Association Seminar Series. He headed the dental identification teams in the John Wayne Gacy mass murder case (33 victims) and the American Airlines Flight 191 air crash (274 victims). Dr. Pavlik has received the "Excellence in Law Enforcement Award" from the office of the Cook County State's Attorney, an "Award of Merit" from the Cook County Board, and a letter of commendation from the Office of the Attorney General of the State of Illinois. Dr. Pavlik serves as a consultant for the American Dental Association Council on Dental Practice in forensic odontology. He was elected Dentist of the Year in 1986 by the American Association of Forensic Dentists.

Certificate 046

ALVIN W. KAGEY, D.D.S.

RETIRED

Dr. Kagey became a Diplomate of the ABFO in 1980. He received his dental degree from the University of Maryland in 1961 and was a dental officer in the USFA. He has maintained a private practice in general dentistry in Roanoke, Virginia since 1963. Dr. Kagey is a consultant to the Chief Medical Examiner of the Commonwealth of Virginia, Virginia State Police and many law enforcement agencies throughout Virginia. He has lectured on bite marks at the FBI Academy at Quantico, Virginia, Virginia State Police Academy in Richmond, Virginia and at regional law enforcement academies across the Commonwealth. He has also lectured at the Medical College of Virginia School of Dentistry and the University of Virginia School of Medicine. In 1997 Dr. Kagey was the Commonwealth of Virginia's expert witness in the Marv Albert case in Arlington, Virginia.

12/98

Certificate 047

DECEASED

RODNEY MICHAEL CROW, D.D.S.

Dr. Crow began his career upon graduating from Baylor University College of Dentistry in 1959. His private practice spanned a 30-year period. In 1979, Dr. Crow joined the staff of the Chief Medical Examiner as the Chief of Identification Services. In 1981, Dr. Crow joined the Medical Examiner's Mass Disaster Response Team. He assembled and directed a Dental disaster Squad consisting of 34 members which was the fore runner in the State of Texas. Dr. Crow directed the team's efforts during one of the two major air disasters which occurred at the Dallas/Fort Worth International Airport. He is an assistant professor at both the Texas College of Osteopathic Medicine and Baylor University College of Dentistry where he lectures on Forensic Dentistry. In addition, he is a faculty member of the Fire and Police Academies of Forth Worth lecturing on Forensic Dentistry and its application to criminal investigation. Dr. Crow is a fellow of the AAFS and member of the ASFO. In 1989, he became the full time Forensic Odontologist for the Medical Examiner's District for Tarrant, Denton and Parker Counties. In 1982, Dr. Crow became a Diplomate of the ABFO. Dr. Crow's expertise in Forensic Odontology and bite mark evidence has been used throughout the state of Texas.

06/05

Certificate 048

MARK L. BERNSTEIN, D.D.S.

Mark L. Bernstein is a faculty member at the University of Louisville School of Dentistry as Professor of Oral Pathology. He has been involved in forensic dentistry since 1978 and gives an annual 16-week elective course in forensic odontology for senior dental students as well as periodic, University-sponsored continuing education courses. He has been an Assistant Medical Examiner and Forensic Dental Consultant to the Chief Medical Examiner of the Commonwealth of Kentucky for the past 11 years. He is Chairman of the Forensic Dental Medicine Committee and a member of the Peer Review Committee of the Louisville Dental Society. Dr. Bernstein was awarded his ABFO Diplomate status in 1981. Past and present service to the ABFO includes 2 nonconsecutive terms as Director, Member and Past Chairman of the Credentials and Examining Committee and participation in the Bite Mark Workshops I and II. Additional forensic odontology activities have included presentation of 14 abstracts of AAFS meetings, an Annual Bite Mark Breakfast and moderator of two Odontology section meetings. Dr. Bernstein's contributions to forensic dental literature include: Reviewer of dental forensic articles for JADA and past co-editor of the ABFO Forensic Odontology Workbook. He has authored four forensic dental articles in JADA, Dental Clinics of North America, Journal of Forensic Sciences and the 2nd edition of the Forensic Odontology Workbook. Dr. Bernstein's hobbies include photography, skiing, scuba diving, hiking, camping and fishing.

DIPLOMATE EMERITUS**

GREGORY S. GOLDEN, DDS

Dr. Golden received his dental degree from the University of Southern California in 1975 and now practices general dentistry four days a week in Rancho Cucamonga, California. Upon developing an interest in Forensic Dentistry in 1980, he soon became a Diplomat of the American Board of Forensic Odontology in 1982 and continues to support the ABFO, having served as a Director, and a member of numerous committees. In 1992 he became the Chief Odontologist for San Bernardino County and continues to serve several Southern California Counties as a forensic consultant for bite mark evaluations. As a fellow and past Odontology Section Chairman of the American Academy of Forensic Sciences and former Trustee to the Forensic Sciences Foundation, he has presented numerous papers, is a contributing author to several textbooks, and has published several articles applicable to his field, including research in Fluorescent and Ultra-Violet Photography. He has served as a guest editorial reviewer for the Journal of Forensic Sciences, is currently an instructor at Loma Linda University School of Dentistry, and has taught advanced photographic techniques at the Symposium of Forensic Dentistry at the University of Texas, San Antonio, and at the International Forensic Photography Workshop held in Miami, Florida. Dr. Golden has qualified as an expert witness numerous times in Superior Courts of five Southern California Counties, as well as others out of state. Other accomplishments include his assistance in identification of victims of the World Trade Center disaster, receiving the Meritorious Service Medal from the San Bernardino County Sheriff, and multiple commendations from the California Attorney General for his help in implementing the Computer Assisted Post-Mortem Identification program at the Department of Justice. Outside interests include waterfowl and upland game hunting, fishing, and general aviation.

PETER F. HAMPL, DDS

Dr. Hampl received his dental degree from the University of Minnesota in 1967. He spent three years in the oral and maxillofacial surgery training program at Bellevue Hospital and New York University in New York City. His first forensic dental experience was in conjunction with the New York City Medical Examiner's office while in oral surgery training. Upon completion of his oral and maxillofacial surgery training in 1970, Dr. Hampl moved to Tacoma, WA, where he maintained a private practice in oral and maxillofacial surgery until his retirement in July, 1998. He now devotes all of his professional activity to his forensic odontology practice. Dr. Hampl has been instrumental in the founding of the Washington State Dental Association's Dental Identification Team, the formation of the Washington State Patrol's Missing and Unidentified Persons Unit and the passage of the Washington State law mandating marking of removable dental prostheses with the patient's name. Dr. Hampl is a member of the ADA, WSDA, Pierce County Dental Society (past trustee), American Association of Oral and Maxillofacial Surgeons (retired member) and the Washington State Society of Oral and Maxillofacial Surgeons (past president). Dr. Hampl is a diplomate of the American Board of Oral and Maxillofacial Surgery (1974) (retired). He became a diplomate of the American Board of Forensic Odontology in 1984. He was elected to the Board of Directors of the ABFO in 1990, 1997 and again in 2002. He was a member of the Credentialing and Examining Committee of the ABFO serving as its chairman in 1997. In 2004 he was elected secretary of the ABFO. He was also elected to the board of directors of the American Society of Forensic Odontology in 1990 and served as president of the ASFO in 1993. Dr. Hampl is a forensic odontologist on DMORT for region X. Dr. Hampl has been qualified as an expert witness in Alaska, Colorado, North Carolina, Oregon and Washington. 12/19

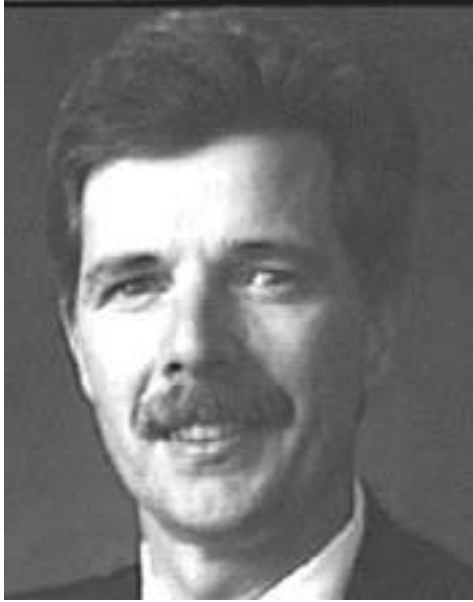

Certificate 057

Deceased

ROBERT PARKER KELLY, D.D.S.

Dr. Robert P. Kelly, DDS, received an associate of arts degree from Compton College in 1950 and his dental degree from the University of Southern California in 1958. He served in the US Army Dental Corps and received an honorable discharge in 1954. Dr. Kelly has maintained a private general dental practice in Orange County California since 1959. In 1969 Dr. Kelly became the chief forensic dental consultant to the Orange County Coroner's office. He is a member and or fellow of the ADA, CDA, American College of Dentists, International College of Dentists, Pierre Fauchard Academy, Academy of General Dentistry (Master), AAFS and ASFO. Dr. Kelly has been active in the Orange County Dental Society being that organization's president in 1982/83. In 1990 he was president of the Southern California Academy of General Dentistry. Dr. Kelly was a delegate to the ADA from the CDA from 1989 to 1992. He became a diplomate of the ABFO in 1984 and has served on the mass disaster dental identification committee.

Certificate 058

JOHN D. McDOWELL, D.D.S., MS

Dr. McDowell received his DDS in 1974 from Loyola University in Chicago. He has completed a Dental Diagnostic Science residency with emphasis in forensic odontology at the University of Texas Health Science Center at San Antonio School of Dentistry. He has a Master's Degree from the Graduate School of BioMedical Sciences at UTHSCSA. He has completed a fellowship in geriatric dentistry with training received at the University of Texas Health Science Center and Audie Murphy Memorial Veteran's Hospital in San Antonio, TX. He has held the position of assistant professor at both the UTHSCSA School of Dentistry and the University of Colorado School of Dentistry. He is a Diplomate of the ABFO and a Fellow of the AAFS. He has served in several positions within the AAFS, presently serving as Odontology Section Representative to the AAFS Board of Directors and is a member of the AAFS Executive Committee. He has previously served on the Board of Directors of the ABFO. Dr. McDowell serves as a reviewer for professional journals and is a member of the Board of Editors of the American Journal of Forensic Medicine and Pathology. He is active in the field of oral medicine with special emphasis on diagnosis and treatment of patients with HIV infection.

12/93

Certificate 059

JAMES B. McGIVNEY, D.M.D. Retired

James McGivney was the forensic dentist for the City and County of St Louis from 1979 until 2009. He maintained a private dental practice in South St. Louis county for 35 years. He was on the adjunct faculty of St. Louis University's Center for Advance Dental Education where he taught a course on Oral Medicine. Dr. McGivney is currently on the emeritus staff at of St. Louis University Hospital.

He rose through the chairs of the Odontology Section of the American Academy of Forensic Sciences (AAFS) and served a term as Chairman of the section. Dr. McGivney served two terms on the Forensic Sciences Foundation including six years as Treasurer. He was on the Board of Directors of the AAFS and was elected Vice President of the Academy. He served as a Dental Editor of the Journal of Forensic Sciences, a peer reviewed publication. Dr. McGivney also ascended through the chairs of the American Board of Forensic Odontology ending with a term as President of the organization.

He presently serves as a consultant for dental identifications with the Defense Pow/MIA Accounting Agency's (DPAA) Central Identification Laboratory in Honolulu.

He maintains an active retirement in Missouri and Florida and helps individuals use his WinID program in missing person and mass disaster preparedness settings. (1/2020)

Deceased

WILLIAM M. MORLANG, D.D.S.

Dr. Morlang serves as a forensic consultant to the Armed Forces Medical Examiner, Armed Forces Institute of Pathology (AFIP) and Air Force Office of Special Investigation. He is an adjunct Associate Professor, School of Dental Medicine, Tufts University, and Associate Clinical Professor, School of Medicine, Wright State University. He is also a faculty member at the AFIP. Dr. Morlang is a graduate of the University of Florida, West Virginia University, Armed Forces Staff College, National Defense University, and Inter-Agency Institute for Federal Healthcare Executives at George Washington University. He trained in oral pathology, forensic dentistry, aerospace pathology, and advanced forensic pathology at the Armed Forces Institute of Pathology and FBI Academy. He served in the U. S. Air Force from 1966 until 1996 where he served as the Consultant in Forensic Dentistry to the Surgeon General. He served on the ABFO Board of Directors, ABFO Research, Mass Disaster, Bitemark, Certification and Examining, and Ad Hoc Validation Committees. Dr. Morlang was the 1996 president of the American Society of Forensic Odontology. He is a fellow of the American Academy of Forensic Sciences, Academy of General Dentistry, American College of Dentists, and International College of Dentist. He is a member of the American College of Legal Medicine, and American Academy of Oral and Maxillofacial Radiology.

06/04

Certificate 063

GERALD M. REYNOLDS, DDS

DECEASED

I was born in Los Angeles, March 7, 1929. My college education was completed June 8, 1952, at La Sierra University now in Riverside, California. My major emphasis was in Biology, with minors in Chemistry and Secondary Education. After a time in the Army of the United States (1953 to 1955) as a Clinical Laboratory Technologist in which capacity I never picked up a test tube! I went east to Howard University for a Master's degree in Pharmacology. Having completed that, I engaged in applied research in inhalation toxicology testing what later was known as Agent Orange on guinea pigs, not one of which died as a result of two years exposure 5 days a week! From there to dental school (Loma Linda University) and the completion of that curriculum in June, 1969, saw me establish a private practice in Yuba City, CA. It was there that in May 1972, the Juan Corona mass murders came to the attention of the county. This event set the course for the Naval Reserve unit, in which I was drilling, sending me back to the A.F.I.P. for the formal course in Forensic Odontology, October, 1972. At that time, I learned of the American Society of Forensic Odontology and I applied for membership. The Society had only been formally organized two years earlier. Dr. Lester Luntz appointed me as Parliamentarian at the Chicago meeting in 1975. From there it was "through the chairs" until in 1982 to 1983, I was elected to the presidency of that organization. Also, in 1974, I applied for and was accepted as a Provisional Member of the A.A.F.S. at the February, 1975 meeting. The group who met together that year seemed so few in number that we were able to sit about a collection of tables in a lower room of the hotel where the Academy was meeting that year, also in Chicago 1976, and the A.A.F.S. meeting was in Washington, D.C. and it was there that I took pictures of the first members of the newly formed American Board of Forensic Odontology! What an event that was. My enthusiasm was stirred and I went home promising myself that I would begin to qualify myself for application to that august group of people! It was not until June, 1984, that I was able to sit for the exams, and was accepted as a diplomate. Space precludes further elucidation of the work done since then. But I can say that I have appreciated the work this group is doing, and admire them everyone. Thank you for including me in your fraternity.

06/04

Certificate 064

DECEASED

WILBUR B. RICHIE, D.D.S.

Dr. Richie earned his Doctor of Dental Surgery degree from the University of Missouri. He was in private practice for 33 years in Golden, Colorado. Dr. Richie served as Jefferson County Coroner from 1982 to 1998 and was instrumental in designing a state-of-the-art facility for the Coroner's Office that opened in 1997. He was a member of DMORT Region VIII and was deployed to Guam in 1997 to assist in the identification of plane crash victims. He assisted in the identification process of several other mass disasters in Colorado. He was a member of the Rocky Mountain Division of the IAI, American Society of Forensic Odontology, a retired fellow of the American Academy of Forensic Sciences and a Diplomate of the American Board of Forensic Odontology. He served a President of the ABFO from 1993 to 1994. He was the father of three sons. Dr. Richie's hobbies included sailing, photography and motorcycle riding.

DONNELL C. MARLIN, D.D.S.

Dr. Marlin graduated from Indiana University School of Dentistry in 1956. He served as an active-duty Lieutenant in the U.S. Naval Reserves from 1957 to 1961. Twenty-five months of that time was spent as an assistant dental officer in U.S.S. Ticonderoga. This tenure included two enjoyable Westpac cruises, two typhoons, and three shipyard periods, which were not enjoyable at all. Upon his return to Indiana, he entered private practice in Noblesville, IN. He joined the faculty of Indiana University School of Dentistry as a part-time member of the Oral Diagnosis Department in 1974 and continued a part-time practice in Noblesville, IN, until 1981 when he joined the faculty as a full-time assistant professor in the Dental Diagnostic Sciences Department. At that time, Dr. S. Miles Standish was department head and he encouraged Dr. Marlin's interest in Forensic Odontology. Dr. Marlin became a Diplomate of the American Board of Forensic Odontology in 1987 and taught the Forensic Dentistry course at IUSD after Dr. Standish retired. Dr. Marlin acted as director of a Comprehensive Care Clinic in the IUSD department of Restorative Dentistry from 1995 until his retirement in 1999. During his career, he was affiliated with a number of organizations, which included: American Academy of Forensic Sciences (Member), American Society of Forensic Odontology, Indiana Society of Forensic Odontology, American Board of Forensic Odontology and the usual local and national dental societies. He was appointed a Kentucky Colonel in 1965 and a Research Associate of the Archaeology and Forensics Laboratory at the University of Indianapolis in 1997.

REED L. HOLT, DDS

Dr. Holt was born in Salt Lake City, Utah and graduated from Northwestern Dental School. Before attending dental school, he received a BS in vertebrate zoology from the University of Utah. After completion of his dental degree, Dr. Holt spent four years on active duty with the US Army in Munich, Germany. Upon his return home, he opened a private dental practice in Salt Lake City. He continued his military career by joining the reserves, where he was Commander of the 143rd Medical Detachment for nine years, Chief of Dental Service for the 328th General Hospital (1000 bed) for 15 years and Deputy Commander of the 328th General Hospital for 4 years. He began an annual dental reserve symposium for dentists in Utah, Wyoming and Idaho in 1972. In 1990, the symposium drew over 300 dentists from the area. Dr. Holt retired from the reserves as a Colonel in 1989. During his military service, he received numerous awards and decorations, including the Meritorious Service Medal and the Legion of Merit. On the Civilian side, Dr. Holt was active with the district dental society, serving on its board of directors and peer review committee. Dr. Holt first became interested in forensic dentistry in 1978. He attended the AFIP course and then began working with the medical examiner for the state of Utah. At present, he is the dental consultant to the medical examiner for the State of Utah. Many interesting forensic cases have come across his desk, including the Wilberg mine disaster and a midair collision over the Salt Lake Valley. Dr. Holt lives in Salt Lake City with his wife Rosemary and has three grown children, Lawrence, Colby and Heather and two grandchildren, Ariel and Andrea.

Certificate 112

DAVID W. JOHNSON, DDS

Dr. David Johnson is a 1974 graduate of the University of Iowa College of Dentistry. Upon graduation he served two years on active duty with the U.S. Air Force and was stationed at Malmstrom AFB Montana. Following his active duty commitment, he continued his education with a year of hospital training at Charity Hospital in New Orleans. In 1977 Dr Johnson returned to Great Falls Montana where he established his practice of General Dentistry.

Dr. Johnson received his initial forensic dental training at the Armed Forces Institute of Pathology in 1977 as a member of the Air Force Reserve. In 1981 he was accepted as a member of the American Academy of Forensic Sciences (AAFS) and the following year, as a member of the American Society of Forensic Odontology (ASFO). He completed his preceptor ship in Forensic Sciences at the Oregon Health Sciences University in 1985 and became a Fellow in the AAFS that same year. Since 1981 Dr. Johnson has taught dental identification and bitemark evidence collection at the Montana Law Enforcement Academy and serves as a consultant to the Montana Department of Justice Medical Examiner's Office and to Montana's County Coroners. Dr. Johnson became a Diplomate of the American Board of Forensic Odontology in 1996. In year 2000 he was elected to a three year term on the ASFO's Board of Governors and in 2005 he was elected their President.

Dr Johnson holds the rank of Colonel in the Air Force Reserve Dental Corps. He received his commission in 1971 and throughout his Reserve career has been attached to various Air Force clinics and Headquarter Commands. His leadership and experience led to his selection from 2002-2004 as the Mobilization Assistant to the Assistant Surgeon General for Dental Services ...the most senior Air Force Reserve Dental Corps advisor position at Air Staff. His current Reserve attachment is to the Armed Forces Medical Examiner's Office as a Forensic Dental Investigator.

Dr. Johnson was elected 2005-2006 President of the Montana Dental Association (MDA) and is a past member of the MDA Board of Directors. He is a Fellow of the American Academy of General Dentistry, a Fellow of the International College of Dentists, a member of the American Dental Association and a member of the Association of Military Surgeons of the United States.

Certificate 113

ARACELI ORTIZ, DMD, MSD

DECEASED

His hobbies include dogs, dogs, and dogs.

12/19

Certificate 133

WARREN TEWES, DDS, MS

RETIRED

Native of Annapolis, Dr. Tewes earned his DDS and MS degrees at the University of Maryland, in 1975 & 1982 respectively. From 1978 to 2008, he was full time faculty of restorative dentistry at this dental school. In 2003 the University of Maryland Board of Regents presented him with their Award of Excellence in Public Service for establishing and maintaining the Maryland Dental Database for Missing and Unidentified Persons and co-coordinating marylandmissing.com through the Doe Network.

Dr. Tewes has served the National Center for Missing and Exploited Children and the National Transportation Safety Board. Also serving in the Disaster Mortuary Operational Response Team of the Department of Homeland Security, he was assigned to Region III and advanced to training officer in the Family Assistance Center Team. He has been deployed to a number of disaster sites including the 9/11/01 United Flight 93 event in Shanksville, PA and the 2005-06 Hurricanes Katrina/Rita operations in Mississippi and Louisiana. From 2007 to 2010, he was the lead forensic odontologist assisting dental web page development for the National Missing and Unidentified Persons System (NamUs) in the National Institute of Justice.

Currently, Dr. Tewes is the chief forensic odontologist in the Office of the Chief Medical Examiner, State of Maryland, lecturing and consulting in the Forensic Pathology Fellowship Program and the Harvard Associates in Police Science. He also lectures in the University of Baltimore's Department of Criminology. Since 2007, he has been team teaching the NCIC Dental Coding Workshops for Criminal Justice Information Services Division of the FBI. In this service, Dr. Tewes was presented the US Attorney General's Award for Outstanding Contributions to Community Public Safety Partnerships.

Dr. Tewes is a member of The Vidocq Society in Philadelphia who hear unsolved homicide cases of law enforcement investigators from across the country, for pro-bono resolution assistance. He is a Fellow of the American Academy of Forensic Sciences and a member of the American Society of Forensic Odontology.

Certificate 134

RETIRED

STEPHANIE KAVANAUGH, DMD, MS

Dr. Kavanaugh obtained her dental degree in 1983 from the University of Pennsylvania. Originally from New Jersey, after attending the University of Washington for her orthodontic training, she switched coasts and considers the Puget Sound area her home. She has been in private orthodontic practice since 1986 in Issaquah, WA.

Her undergraduate degree was a double major in biology and anthropology from the University of Delaware (1976). Anatomy and forensics have always been an interest. After being a member of the state and local dental identification teams since 1991, she became the official chair of the Seattle-King County Dental Society Forensic Committee in 1997 and co-chair of the Washington State Dental Association Dental ID Team in 2003.

She is a full Member of the AAFS and a member of the ASFO. Currently, she is a forensic dental consultant for the Snohomish County Medical Examiner's Office. She thanks Dr. Gary Bell for all his mentoring and support during all of her forensic training to date.

While her husband Bill doesn't want any details, he is immensely supportive of her forensic activities and their two dogs are always willing to greet her when she comes home.

Certificate 135

RETIRED

WILLIAM E. SILVER, DDS

Born in Boston, Mass in 1929, Bill graduated from Tufts University in 1949 and then entered NYU College of Dentistry. This was followed by Post Graduate Orthodontics at Columbia University and then two years in the US Air Force in Japan. He returned to Boston where he taught at the Forsyth Dental Infirmary and became a Diplomate of the American Board of Orthodontics. In 1962 he moved to Miami where he practiced Orthodontics until retirement in 1998. During that time, he served as Chief of Dentistry at Miami Childrens Hospital and later developed the Miami Dental Identification Response Team (DIRT) just before the VALUJET accident. Bill joined DMORT just a month before going to the World Trade Center and then later he participated in the Katrina disaster. He is Deputy Chief, Forensic Odontology, at the Miami Dade Medical Examiner Department. One of a few double diplomates, Orthodontics and Odontology, he was also on the Board of Directors of the ACLU and the Unlicensed Practice of Law Committee of the Florida Bar and lectures to various law enforcement agencies and schools in Miami whenever he is not playing tennis or making ceramics. 12/19

Certificate 148

KATHLEEN A. KASPER, DDS

Dr. Kasper is the Chief Forensic Odontologist for the Collin County Medical Examiner in McKinney, Texas, Consultant Forensic Odontologist to the Dallas County Medical Examiner in Dallas, Texas and Deputy Odontologist to the Tarrant County Medical Examiner's District in Ft. Worth, Texas. She is a 1986 graduate of the University of Iowa College of Dentistry. After dental school, Dr. Kasper served as an active duty dental officer in the United States Air Force. She entered private dental practice in 1994 and currently maintains a general dental practice in Carrollton, Texas.

Dr. Kasper completed a one-year fellowship in forensic odontology at the Center for Education and Research in Forensics (CERF) in San Antonio, Texas in 2003-2004. Her research project from this fellowship, concerning age estimation in a Texas Hispanic population based on third molar development, was published in 2009 in the Journal of Forensic Sciences.

Dr Kasper is a Fellow in the American Academy of Forensic Sciences, a Member of the American Society of Forensic Odontology and became a Diplomate of the American Board of Forensic Odontology in 2010. She is a Member of the American Dental Association and Texas Dental Association.

12/19

Certificate 149

JANICE KLIM-LEMANN, DDS Deceased

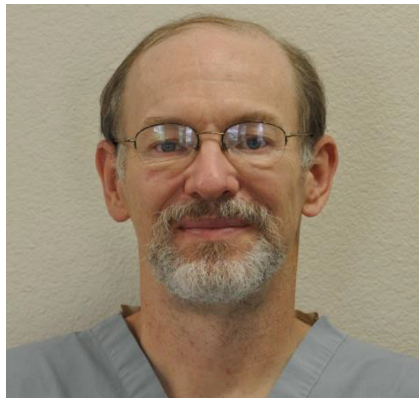

Born and currently residing in Southern California, Dr. Klim-Lemann graduated La Sierra Campus, Loma Linda University in 1981 with a B.S. in Medical Illustrating. She continued on to graduate with a D.D.S. from Loma Linda University School of Dentistry in 1984 and practices general dentistry in San Bernardino County, CA. In 1995 she trained in forensic dentistry at University of Texas Health Science Center, Southwest Symposium. Dr. Klim-Lemann is a Fellow in the American Academy of Forensic Sciences (AAFS), a Member of American Society of Forensic Odontology (ASFO), a Member of California Dental Identification Team (CalDIT), a Member of California Society of Forensic Dentistry (CSFD), a Member of the American Dental Association (ADA), a Member of California Dental Association (CDA) and Tri-County Dental Society. She has volunteered for the Attorney General at the Department of Justice/Missing and Unidentified Persons Unit (MUPS) in Sacramento as an analyst and trainer. She has been published in the ASFO Journal and has guest lectured on Forensic Dentistry at Loma Linda University School of Dentistry. Dr. Klim-Lemann participated in the recovery and identification effort at the World Trade Center NYC, in Sept. 2001 and is a Forensic Consultant through-out California. Dr. Klim-Lemann became a Diplomate in the American Board of Forensic Odontology (ABFO) in 2010. (2/12)

Certificate 150

GREGORY L. MAR, DDS RETIRED

Dr. Gregory L. Mar received a B.S in Biological Science from the University of California, Davis, his D.D.S. and M.A. from the University of the Pacific Dental School and the University of the Pacific. While attending dental school he was a Police Reserve for the San Francisco Police Department. After graduating dental school, he completed an oral surgery fellowship and remained with the University of the Pacific Dental School as an assistant professor in the Oral-Maxillofacial Surgery Department. After a brief stint in private practice, Dr. Mar decided to pursue a full-time career with the San Francisco Police Department. He has had several assignments throughout his career including (Patrol, Investigations, consultant to S.W.A.T. EMT, and police academy assistant instructor). He is currently assigned the Crime Scene Investigations Unit and devotes the majority of his time to forensic science. In addition to being a forensic odontologist, he is a crime scene investigator and a latent fingerprint examiner. Other skills include crime scene reconstruction, bullet trajectory analysis, and blood spatter analysis. Dr. Mar still practices dentistry part time in a county hospital in San Mateo. He has two daughters and enjoys hunting, fishing, and riding in the outdoors.

Certificate 151

PETER J. MARSH, DDS. Deceased

Peter J. Marsh, D.D.S. received his undergraduate degree in chemistry and his pharmacy degree from Southwestern Oklahoma State University in Weatherford Oklahoma in 1981. As a registered pharmacist, he practiced at Memorial Hermann Memorial City Medical Center Hospital for over ten years. In 1986, Dr. Marsh earned his D.D.S from the University of Texas Health Science Center Dental Branch in Houston. In 2001 he was awarded a Fellowship in the Academy of General Dentistry. Dr. Marsh additionally trained in Forensic Odontology in 2002 at the University of Texas Health Science Center at San Antonio at the Center for Education and Research in Forensics (CERF). He worked at the World Trade Center disaster identifying victims, as well as providing forensic identifications for local disasters such as the BP-Amoco Refinery Explosion. He is currently researching the use of computer analysis of dental radiographs for identification, as well as the x-ray comparison of twin dentition for differentiation of individuals.

Dr. Marsh is a Diplomate of the American Board of Forensic Odontology and a member of the American Academy of Forensic Sciences. He is also a member of the American Dental Association, the Texas Dental Association, the Academy of General Dentistry, the Texas Academy of General Dentistry, the American Pharmacists Association, the Texas Pharmacy Association, and various other professional organizations, boards, and study clubs. Dr. Marsh currently is a forensic consultant for the Office of the Medical Examiners in Galveston and Harris Counties, and is actively involved in general private practice at his dental office in Manvel, Texas.

The Drs. Marsh live in Manvel, Texas and have been married over 30 years. Dr. Sabrina Marsh is an Assistant Professor at the University of Houston in the College of Education. They enjoy traveling the world for work and pleasure, exploring Texas breweries, and teasing the cat.

Certificate 152

BARBARA L. NEEDELL, DMD

Dr. Barbara Needell is a 1979 graduate of Colgate University in Hamilton, NY, and a 1986 graduate of the Goldman School of Dentistry in Boston, MA. She practiced general dentistry in South Florida from 1987 to 2016. She was Chief Forensic Odontologist for the Palm Beach and Broward County Medical Examiner's offices, and a forensic dental consultant for Miami-Dade and Martin Counties. Besides Diplomate of the American Board of Forensic Odontology, she is a member of the American Academy of Forensic Sciences (AAFS), the American Society of Forensic Odontology (ASFO), DMORT (Disaster Mortuary Operational Response Team) Region 4, Kenyon International and a founding member of FEMORS (Florida Emergency Mortuary Operations Response System). She is also a forensic dental consultant for the National Missing and Unidentified Person Systems (NamUs) and on the dental review panel for the FBI. Her forensic experiences include dental identifications, mass disaster response, bitemark evaluations and expert witness testimony. Dr. Needell lives in Monument, Colorado.

Certificate 153

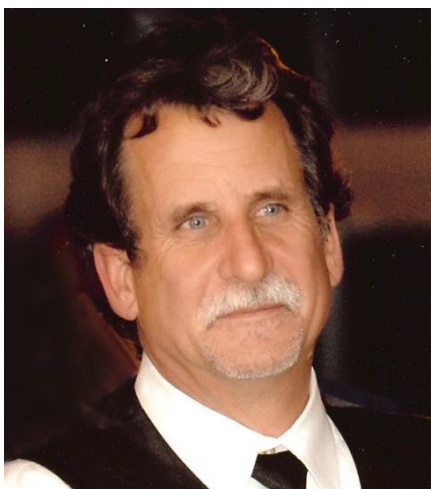

CHARLES E. BERNER, DDS

Dr. Berner earned his DDS degree from The Ohio State Univ. College of Dentistry. He has been inducted as a Master in the AGD, has earned the Lifelong Learning and Service Recognition award and reviews manuscripts submitted for publication in the AGD's publication. He also has Sustaining Member status in the American Academy of Cosmetic Dentistry. The Consumer's Research Council of America has listed Dr. Berner among 'America's Top Dentists' and Northern Ohio Magazine also included him in their 'Best Dentists' issue.

Dr. Berner became a Diplomate of the American Board of Forensic Odontology in 2011, is a Fellow of the American Academy of Forensic Sciences and is grateful to have been elected to the Board of Governors of the American Society of Forensic Odontology. Completing his Forensic Fellowship at the Univ. of Texas Health Science Center at San Antonio, Dr. Berner was later designated a Fellow and collaborating scientist with SUNY - Buffalo's Laboratory for Forensic Odontologic Research. Dr. Berner has received recognition as a founding member of the Department of Homeland Security by his membership in Reg. V of the Disaster Mortuary Operational Response Team under the National Disaster Medical System. Dr. Berner was among the first to be deployed to Louisiana for Hurricane Katrina, helped establish the National Disaster Portable Morgue Unit in St. Gabriel and was honored to have received the Commanders Award for Meritorious Service. Dr. Berner is proud to participate on the National Dental Image Repository review panel and was awarded the Assistant Director's Award for Excellence for his consultation to the Criminal Justice Information Services Division of the FBI. Dr. Berner is affiliated to the Summit Co. Medical Examiners' Office and is also a team member of the Florida Emergency Mortuary Operations Response System. He is the Forensic Specialist on Team Ohio of NamUs, a member of the National Assoc. of Medical Examiners, the International Association for Identification, the Ohio Identification Officers Association and volunteers with the Ohio Medical Reserve Corps, Tri-City CERT and his local Mass Inoculation Point of Dispensing (MIPOD) team. Dr. Berner enjoys teaching and speaking to local law enforcement, EMS crews and Sexual Assault Nurse Examiners.

Dr. Berner has been regularly speaking in high school classes, training students in his office over decades, contributing to scholarships and school activities and was inducted into his high school Alumni Hall of Fame.

03/2011

Certificate 154

RAYMOND J. JOHANSEN, DMD

Dr. Ray Johansen is a 1980 graduate of San Diego State University with a BA in biological Sciences and graduated in 1984 with a D.M.D. from the Washington University School of Dental Medicine in St. Louis, Missouri. He practices general dentistry in Santa Barbara, California. Dr. Johansen has been the dental consultant for the Santa Barbara County Coroner's Office since 1997. Dr. Johansen is a member of the American Academy of Forensic Sciences (AAFS), a member of the American Society of Forensic Odontology (ASFO), and a member of the California Dental Identification Team (CalDIT). He assisted the Ventura County Medical Examiner's Office in the identification of victims from the crash of Alaska Air 261 off the coast of Southern California in January 2000. 12-19

Certificate 158

Jacqueline S. Reid, DDS

Dr. Jacqueline S. Reid graduated from Case Western Reserve University School of Dentistry in 1996 and did a post graduate hospital-based general practice residency in dentistry at Robert Wood Johnson University Hospital in New Brunswick, New Jersey from 1996-1997. She has been the owner of a private practice in Chatham, New Jersey for the past 15 years.

In 2004, Dr. Reid was appointed Chief of Hospital Dentistry and Director of the General Practice Residency at Robert Wood Johnson University Hospital.

Dr. Reid is a graduate of the Fellowship in Forensic Odontology from the University of Texas Health Science Center in San Antonio, Center for Education and Research in Forensics from 2006-2007.

She is a member of the Academy of General Dentistry (AGD), The American Academy of Forensic Sciences (AAFS) and American Society of Forensic Odontology (ASFO) where she has also served on the Board of Governors. Dr. Reid is affiliated with Middlesex and Monmouth County Medical Examiners Offices in New Jersey and became a Diplomat of the American Board of Forensic Odontology in 2012.

02/2012

Certificate 159

RETIRED

Delora L. Fletcher, DDS

Education: In 1979, she received the degree of Bachelor of Science in Dental Hygiene from the University of Southern California, Magna Cum Laude. She practiced full time dental hygiene prior to returning to school and received the degree of Doctor of Dental Surgery, Cum Laude, in 1986 at the University of California at Los Angeles. Post-Doctoral: Dr. Fletcher completed a General Practice Residency at the Veterans Administration Hospital in West Los Angeles followed by private practice as a general family dentist.

She attained the status of 'Fellow' in the Academy of General Dentistry in 1996 and in the American Academy of Forensic Sciences in 2012. She was certified by the American Board of Forensic Odontology in 2013.

Retired from clinical dentistry practice, Dr. Fletcher has done forensic odontology consulting for county, state and federal agencies since 2001. She maintains homes in San Diego, California and Greer, South Carolina.

Certificate 160

Holland Maness, DMD

Dr. Holland Maness, a South Carolina native, received her undergraduate degree in Business Administration from the College of Charleston in 1988 with minors in Economics and International Studies. Following a 12-year career in hospital administration and informatics, she returned to school receiving her DMD in 2005 from the Medical College of Georgia. She completed an Orthodontic Residency at the Medical College of Georgia in 2007. She currently serves as Graduate Clinic Director of the Orthodontic Department at the University of Tennessee Health Sciences Center College of Dentistry. She is a Diplomate of the American Board of Orthodontics.

Dr. Maness had the privilege of completing an undergraduate elective in forensic dentistry at the BOLD Lab at the University of British Columbia and completed the AFIP course in spring of her senior year of dental school. She is a graduate of the Fellowship in Forensic Odontology from the University of Texas Health Science Center in San Antonio, 2010. She has served the states of Georgia, Tennessee and South Carolina as a forensic dental consultant. (1/20)

Certificate 161

Eric S. Wilson, DDS

Dr. Eric Wilson received his DDS in 1991 from the University of Missouri at Kansas City and maintains a full-time dental practice in Cole Camp and Sedalia, Missouri. He is a member of the American Dental Association, Missouri Dental Association, has served as Chair of the MDA committee on Dental Education. He is a Fellow in the American Academy of Forensic Sciences and has served as president of the American Society of Forensic Odontology. He has served on the Board of Directors of the American Board of Forensic Odontology. He currently serves as the secretary of the American Board of Forensic Odontology.

He is Chair of the Missouri Emergency Response Identification Team and has been on the team since its inception in 1996. He has also served as a forensic Odontologist within the Department of Health and Human Services, Region VII DMORT team since 1998. He has been deployed by DMORT to New York after 9/11, American Airlines crash in Kirksville MO in 2004, Hurricane Katrina in 2005, Hurricane Ike in 2008, the tornado in Joplin, MO in 2011, and to Puerto Rico after hurricane Maria in 2017. He was deployed by the Missouri Department of Public Safety to work with the Emergency Operations Center of St. Louis County concerning the COVID-19 pandemic in early April of 2020.

Dr. Wilson is currently working with the Missouri Disaster Response System and is the lead forensic odontologist and continues his private forensic practice serving 7 different Medical Examiner Offices in Missouri, Kansas, and Iowa. He has also been appointed to the Mass Fatality Advisory Committee for the state of Missouri and to Congresswoman Vicky Hartzler's Health Care Advisory Committee.

He was certified by the American Board of Forensic Odontology in 2013.

03/21

Certificate 162

Robin Ainsworth, DDS, MS

Robin Ainsworth, DDS, MS, is an assistant clinical professor at Louisiana State University School of Dentistry. She is a retired Captain in the United States Public Health Service (USPHS) after serving for 21 years. Throughout her career she served in various Public Health Service and military assignments. Her dental forensic career began in 2001, when she was deployed through HHS/DMORT to the Office of the Chief Medical Examiner in New York City. She was also deployed to Louisiana (St. Gabriel and Carville) for Hurricane Katrina, through DHS/DMORT. CAPT(ret) Ainsworth also augmented the Armed Forces Medical Examiner System with dental identifications of remains processed through Dover Port Mortuary at Dover Air Force Base, and with potential bitemark cases. CAPT(ret) Ainsworth earned a MS in Oral Biology from the Uniformed Services University of the Health Sciences, in conjunction with completing a two-year Comprehensive Dentistry Residency through the Naval Postgraduate Dental School. She completed a Fellowship in Forensic Odontology from the University of Texas Health Science Center, Center for Education and Research, and earned her DDS from the Ohio State University College of Dentistry. She is board certified in Forensic Odontology and General Dentistry and is a Fellow of the AAFS and the AGD.

1/2020

Certificate 163

Phyllis Ho, DDS

Dr. Ho received an A.B. from Cornell University in 1983 and her Doctor of Dental Surgery from the New York University College of Dentistry (NYUCD) in 1988. She achieved a certificate from the Advanced Education Program in General Dentistry from NYUCD and completed an externship at the Prince Philip Dental Hospital in Hong Kong, both in 1989. Dr. Ho has also rendered volunteer care in Ghana, Ecuador and Vietnam. She received an American Dental Association Recognition Award for Volunteer Service for the work in Ghana.

She works as a dental consultant for the Suffolk County Office of the Medical Examiner, she has been an active reviewing member of the National Dental Image Repository (NDIR) under the aegis of the FBI since its inception. She has taught at NYUCD, at Stonybrook University College of Dental Medicine and at John Jay College of Criminal Justice as a guest lecturer. She has presented in NYC, Minnesota, Vermont, Cologne, Kathmandu, Lyons on Forensics and is a co-author on Abuse in an upcoming chapter of an international University textbook. She is a member of the OSAC under NIST writing standards in Forensics as part of the Odontology Sub-working Group.

Her distinguishing hobby is in long distance open water and cold-water swimming. In April of 2019, she became the 32nd person since 1976 to complete an unassisted crossing of the Strait of Magellan in Patagonia. She has completed nearly 1200 hours of continuing education.

Certificate 164

Joe Adserias Garriga, DDS, PhD

Dr. Joe Adserias obtained her dental degree in Barcelona, Spain and a degree in biology in Girona, Spain. Her interest in Forensic Science began when she received her first lesson in Forensic Odontology. Following graduation, she obtained a Master's degree in Forensic Odontology from the University of Toulouse, France and was honored for her master's project. Additionally, she has a Master's degree in Forensic Anthropology and Genetics from the University of Granada, Spain. Dr. Adserias holds two PhDs one in the field of Oral Microbiology and one in Forensic Anthropology. Dr Adserias is a practicing oral surgeon and implantologist in Spain. She has demonstrated dedication to forensic science through participation in different professional and educational entities in the United States and Europe. Dr. Adserias was an external advisor of Mossos d'Esquadra (Catalonian Police), recognized for her contribution in forensic casework. She received the 2016 Ellis Kerley Foundation International Award in Forensic Anthropology, serves at the International Association of Coroners and Medical Examiners as Member of its Board of Directors, and the American Society of Forensic Odontology of its Board of Governors, she is, a Member of the INTERPOL DVI Anthropology SubWorking Group, and Member of the INTERPOL DVI Odontology Working Group. Dr. Adserias-Garriga is an Associate Professor at the Department of Applied Forensic Sciences of Mercyhurst University.

12/19

Certificate 165

Kenneth Aschheim, DDS

Dr. Kenneth Aschheim is the Assistant Chief Forensic Odontologist for NYC's Office of Chief Medical Examiner and Chairman of the American Dental Associations (ADA) Standards Committee on Forensic Odontology Informatics. He serves on NYC's MESORT disaster response team and has participated in multiple mass fatality incidents since 2001. As the former Vice Chairman of the FBI/NIJ SWGDVI, Current Chair of the NIST OSAC Forensic Odontology Subcommittee, member of the NIST OSAC CS/DI Scientific Area Committee he has been authoring forensic standards since 2006. In addition, he serves on both the ADA Standards Committee on Dental Products (SCDP), the ADA Standards Committee on Dental Informatics (SCDI) Oversight committees as well as the American Academy of Forensic Science Standards Board (ASB), Dr Aschheim serves as the United States forensic odontology subject matter expert to International Organization for Standardization (ISO) and represents the United States at Interpol's Forensic Odontology DVI sub-working group. As an experienced software developer, he is the chief design architect of the UVIS-CMS Dental Identification Software as developed the Odontosearch website with Dr. Bradley Adams. He is involved with litigation review as the current chair of the New York County Dental Society's District Claims Subcommittee. He is a Diplomate of the American Board of Forensic Odontology, Fellow of the American Academy of Forensic Science, an Adjunct Associate Clinical Professor at New York University Dental School and Associate Clinical Professor of The Mount Sinai School of Medicine. He is currently authoring a chapter on Forensic Odontology and Disaster Victim identification for Wiley Publishing and has lectured worldwide as a subject matter expert in forensic dental technologies. Dr Aschheim has also authored numerous textbooks including "Esthetic Dentistry A Clinical Approach to Techniques and Materials" which is in its 3rd Edition and published by Mosby. (1/20)

Certificate 166

Corinne D'Anjou, DMD

Dr D'Anjou graduated with a DMD from Laval University, Quebec, Canada in 2002. In 2014 she completed the Certificate in Forensic Dentistry from McGill University and in 2016 the Fellowship in Forensic Odontology at the University of Texas Health Science Center at San Antonio.

As a private consultant to History Flight Inc. Corinne has been involved in the identification and repatriation of United States servicemen from the 1943 Battle of Tarawa as part of the History Flight Odontology Team since 2015. This organization is in public/private partnership with the United States Defense POW/MIA Accounting Agency (DPAA).

She is employed as a weekly forensic odontologist consultant at the Laboratoire de Sciences Judiciaires et de Médecine Légale in Quebec, Ministry of Public Security of Quebec. This forensic laboratory is the main institution for forensic work in Quebec, and services more than 8 million people.

Dr D'Anjou is a Diplomate of the American Board of Forensic Odontology (ABFO), a member since 2013 of the American Society of Forensic Odontology (ASFO) and a full member of the Odontology Section of the American Academy of Forensic Sciences (AAFS). She is also a member of the Faculty of Forensic and Legal Medicine of the Royal College of Physicians of London and a member of INTERPOL odontology working group.

Dr D'Anjou is involved in humanitarian aid groups and operates a 12 operator general dentistry office near Montreal where as a co-owner she has helped mentor other dental professionals.

Certificate 170

Elizabeth Ruth Smith, DDS

Elizabeth (Ruth) Smith, DDS, is a 1988 graduate from the University of Texas Dental Branch, Health Science Center - Houston. Upon graduation she practiced general dentistry in the underserved areas of Worcester and Boston Massachusetts, eventually participating with the National Health Service Corps from 1992- 1994. During her time in Boston, she was a Clinical Assistant Professor (Preceptor) in the Department of Dental Care Management at the Boston University Goldman School of Dentistry from 1989-1995. She completed a Fellowship in Forensic Dentistry at the Center for Education and Research in Forensics (CERF) located at University of Texas Health Science Center in San Antonio (UTHSCSA) in 2005. Currently she is Clinical Assistant Professor for the Department of Forensic Pathology Fellowship at the Virginia Commonwealth University in Richmond Virginia. She has been the Chief Forensic Odontologist consultant for the Commonwealth of Virginia 's Office of the Chief Medical Examiner for the past thirteen (13) years.

She has invented and patented a Forensic Camera Device that reduces and or eliminates angular distortion in Bite Mark Photography. This apparatus can also be used in any photographs that require scalability.

She is an Associate Member in the American Academy of Forensic Sciences, and a Member of the American Society of Forensic Odontology.

Dr. Smith practiced general dentistry for many years and has practiced forensic odontology exclusively since 2004.

03/18

Certificate 171

Sylvain Desranleau, DMD Deceased

Dr. Sylvain Desranleau received his DMD degree in 1991 from the Dental Medicine Faculty of Laval University, Quebec, Canada, and practiced general dentistry for 21 years. In 2007, he completed the Certificate in Forensic Dentistry from McGill University and in 2016, a Microprogram in Law at the University of Montreal.

From 2009 to 2012, Dr. Desranleau was a member of the Disciplinary Board of the Quebec Order of Dentists. Since August 2011, he is employed as a forensic odontologist consultant at the Laboratoire de Sciences Judiciaires et de Médecine Légale in Montreal, for the Ministry of Public Security of Quebec. Since February 2013, he works as a syndic leading different ethical and professional conduct investigations for the Quebec Order of Dentists.

Dr. Desranleau is a Fellow of the Odontology Section of the American Academy of Forensic Sciences and a Diplomate of the American Board of Forensic Odontology.

He was deployed in the Filet IV Operational Unit of the Sûreté du Québec during the Lac Mégantic and Isle-Verte multiple fatality incidents. He is a team member of Kenyon International Emergency Services. He presented several research projects in Canada, USA, France and Morocco and is the author of publications notably in the Journal of Forensic Sciences. He also established an operational procedure for dental records recovery in unidentified or missing person cases, with the collaboration of the Quebec Coroner's Office, the police forces and the Quebec Order of Dentists.

Dr. Desranleau is a pianist since the age of 5 years old. He has a training in classical music, has taken part in competitions and played in several concerts. He has his own compositions and loves to jam with musical bands and solo.

CERTIFICATE 172

Mark T. Eilers, DMD

Dr. Eilers was born and raised in Portland Oregon. He comes from a long line of dentists being the 7th in 5 generations. After graduating from Oregon Health and Sciences University school of Dentistry in 2005, Mark established his private general practice, Eilers Dental, in NE Portland. His involvement in forensic odontology began in 2012 when he enrolled in the CERF fellowship at University of Texas Health Sciences San Antonio. Dr. Eilers is the Forensic Odontologist for Clark County Medical Examiner's office in Vancouver WA. He is a Consultant for Doernbecher Childrens Hospital, Randall Childrens Hospital and Cares NW for child abuse, consultant for the FBI, a malpractice consultant for DBIC insurance and an adjunct professor for the CERF program with continued research efforts in bite mark analysis. CERTIFICATE #179

Mark W. Crumpton, DMD

Dr. Mark Crumpton was born and raised in a dental family in Knoxville, Tennessee. His father, Dr. Earl L. Crumpton, was the first pediatric dentist in Tennessee and all three sons became dentists.

Dr. Crumpton earned his dental degree in 1981 and his pediatric certificate in 1983, both from the University of Alabama at Birmingham, School of Dentistry. Following in his father's footsteps, he practiced pediatric dentistry for 32 years in Knoxville, Tennessee, retiring from private practice in 2015.

Dr. Crumpton completed the Forensic Odontology Fellowship at the University of Tennessee Graduate School of Medicine, Knoxville, Tennessee, in 2019 and is currently enrolled in the Masters of Science in Forensic Dentistry program at the University of Tennessee Health Science Center, Memphis, Tennessee. He is a Clinical Instructor in the Department of General Dentistry, Division of Forensics, at the University of Tennessee Graduate School of Medicine and an Adjunct Instructor at Tennessee Wesleyan University, Department of Dental Hygiene. He was the Chief of Dentistry at East Tennessee Children's Hospital in the 1980's. He is a fellow of the Pierre Fauchard Academy, member of the American Dental Association, Tennessee Dental Association, Second District Dental Society, American Society of Forensic Odontology, and an associate member of the American Academy of Forensic Sciences. He became a Diplomate of the American Board of Forensic Odontology in 2022. He serves as a forensic odontology consultant for the Knox County Regional Forensic Center in Knoxville, Tennessee, and the William L. Jenkins Forensic Center in Johnson City, Tennessee. (04/22)

Certificate #180

Beverly Hedgepeth, DDS, D-ABFO

My DDS degree was conferred by the University of TN College of Dentistry in June, 1982. My first position as a dentist was in TN public health. During my career, I worked in several counties and several positions in West and Middle TN culminating in about 13 years in public health service. Interspersed with my time in public health, I had the opportunity to be in private practice for about 7 years.

Along with these positions, I spent 25 years in the US Naval Reserves retiring with the rank of O-6. For 5 years, I was a Department of Defense contract dentist at the Naval Air Station, Millington, TN. I began teaching at the University of TN College of Dentistry as an Instructor in the Department of Diagnostic Sciences from November, 1995 to June, 1996 and again, as an Assistant Professor in the same department from February, 2000 to April, 2003.

From September, 2016 through September, 2017 I had the opportunity to complete a Fellowship in Forensic Odontology at the University of TN Graduate School of Medicine in Knoxville. In addition, I have been fortunate to be affiliated with the West TN Regional Forensic Center in Memphis and work under the tutelage of Dr. Holland Maness and Dr. Ned Turner.

In August, 2019, I returned to teaching as an Assistant Professor in the Department of General Dentistry at the University of TN College of Dentistry. In October, 2021, I accepted a position in the Department of Diagnostic Sciences at UT and have successfully completed the ABFO exam in February, 2022. (04/22)

Certificate #181

LOWELL B. RIEMER, DDS

Dr. Riemer was born, raised, worked and lives in Edmonton, Alberta, Canada. He attended the University of Alberta and graduated in 1978 with a BSc and DDS. He practiced general dentistry in the Edmonton area for 29 years and retired from clinical practice in 2007. At that time he began his journey of education and experience in forensic odontology taking many courses including a 2009-10 Fellowship with the Center for Education and Research in Forensics (CERF) in San Antonio, TX. He is a forensic odontology consultant with the Alberta Office of the Chief Medical Examiner since 2009. He has been a part-time clinical instructor with the University of Alberta School of Dentistry. Dr. Riemer is a member of the ASFO, Fellow of the AAFS and Diplomate of ABFO in 2022.

Dr. Riemer has participated and taken his wife, Anne, and four children on several short term dental mission trips to underprivileged parts of the world. Other interests include motorcycle camping, travel and tandem bicycle riding with his wife. (03/2022)

CERTIFICATE #182

Leigh-Ann Schuerman, DMD

Dr. Leigh-Ann Schuerman graduated from Southern Illinois University in 1996 and relocated to Arizona. She has been practicing dentistry for over 26 years. In 2008, she joined Midwestern University School of Dental Medicine as an Associate Professor in pre-clinical education. She grew with the university and transferred to the patient clinic in 2010 becoming a Clinical Care Coordinator. After 2 years, she was promoted and asked to develop and direct the Restorative, Pediatric and Special Needs Clinic. She remained in that role until 2017. At that time, she changed her educational focus overseas and become involved with The University of Technology - Oral Health Sciences program in Kingston, Jamaica. Dr. Schuerman still today continues her passion for helping those less fortunate. In addition to her role in education and general practice, she is also a consultant for county, state, national, and international dentistry. (04/22)

Certificate #183

Dr. Kyle Tanaka

Dr. Kyle Tanaka attended the University of Hawaii in his hometown of Honolulu and graduated with a DDS degree from Northwestern University in Chicago, IL. After twenty-three years in San Jose, CA Dr. Tanaka settled in Washington State where he maintains a private general dentistry practice in Lynnwood. Currently, Dr. Tanaka is a forensic odontology consultant with the Washington State Patrol's missing/wanted and unidentified persons unit primarily NCIC-coding missing persons and unidentified persons cases for entry into the NDIR. As one of the State Patrol's consultants Dr. Tanaka provides forensic odontology services to coroners and medical examiners offices throughout Washington State. He is also a member of DMORT region 10, the ASFO, the AAFS, and became a diplomate of the American Board of Forensic Odontology in 2022. (3/2022)

Certificate #184

David A. Wold D.D.S.

Dr. David Wold is a lifelong Illinoisian and currently resides in Sugar Grove. He graduated from Southern Illinois University with a BA in Biological Science. He then matriculated at University of Illinois at Chicago, College of Dentistry where he received a BS and DDS. Dr. Wold maintains a private practice in general dentistry where he provides comprehensive dental care in his hometown of Bensenville, Illinois.

His dental forensic career commenced from providing antemortem records of a patient and family member in a Lake Michigan drowning, this inspired many years of specialized training and education in the field of forensic dentistry. He is a member of the ASFO, served as membership chair and is currently Treasurer. He is a Fellow of the AAFS and became a board-certified Diplomate of the ABFO in 2022.

Dr. Wold is a Special Deputy of the Champaign County Coroner's Office and is the primary forensic odontologist for the Lake County Coroner's Office. In addition, he serves as a forensic dental consultant to several other counties in the state of Illinois. He teaches forensic dentistry for the Illinois Coroner's and Medical Examiners Training Board. He is active in NamUs - UP, MP and CI, and is an NDIR review panelist for NCIC. Additionally, Dr. Wold is involved in medical response with the Illinois Medical Emergency Response Team (IMERT); this is a state affiliated MST. He is a deployable health responder, logistician, and certified MST driver. Currently, he is Vice Chairman of the IMERT Executive Council and past Treasurer. Dr. Wold is an avid golfer, loves his dog and enjoys his eight grandchildren. (3/2022)

Certificate #185

Susan J Baker, DMD

Dr Susan Baker earned her dental degree from the Medical College of Georgia School of Dentistry, Augusta, Georgia in 1985. She specialized in Periodontics, receiving her certificate from the Medical College of Georgia School of Dentistry Department of Periodontics in 1987. She maintained a private practice in Periodontics in the Atlanta area from 1987 to 2022.

Dr Baker completed the Fellowship in Forensic Odontology from the University of Tennessee Graduate School of Medicine Department of Forensics, Knoxville Tennessee in 2020. As a forensic dentist she has served since 2019 as a consultant to the Georgia Bureau of Investigation, the Fulton County Medical Examiner's Office, and the Knox County Regional Forensic Center. She is currently an Associate Professor at the Lincoln Memorial University College of Dental Medicine, where she teaches Oral Diagnosis, Periodontics, and Forensic Dentistry. (05/2023)

Certificate #186

Jennifer Moore DMD

Dr. Jennifer Moore received her DMD from Tufts University School of Dental Medicine in 2001. From there she completed a one-year AEGD residency program at the State University Of New York at Stony Brook School of Dental Medicine. To further her education in forensic odontology, she completed the CERF Fellowship at the University of Texas Health Science Center at San Antonio. Dr. Moore is a member of the American Society of Forensic Odontology (ASFO) and the American Academy of Forensic Sciences (AAFS). For the past six years she has been a dental consultant for the Middlesex County Medical Examiner's Office in North Brunswick Township, New Jersey.
