

**American Board of Forensic Odontology
Age Assessment Workshop**

Date: Friday (2-12-2027) and Saturday (2-13-2027) (2-day Workshop)

Time: To be announced

Place: Orlando, Florida in conjunction with the AAFS Meeting

Fees: Participants - \$1500 (Enrollment limited to 20)

The Workshop registration deadline is September 1, 2026.

The American Board of Forensic Odontology will present an Age Assessment Workshop in conjunction with the 2027 AAFS Meeting in Orlando, Florida. The Workshop will consist of both a didactic and hands-on course design. It is a **2-day event** and will be held on Friday and Saturday February 13-14, 2027.

The Workshop will offer one form of enrollment: **“Participants”**.

Participants must have a DMD, DDS, or equivalent degree. Registration is on a first-come, first-served basis. The ABFO reserves the right to limit the number of Participants to the Workshop.

Workshop Objectives:

All registered individuals will receive didactic instruction regarding the scientific rationale and techniques of dental age estimation of infants, children, adolescents, and adults. Although the workshop’s primary focus is dental age assessment, a portion of the lecture presentations will also address anthropologic aging including fetal age estimation, epiphyseal fusion, long bone length, bone ossification and hand/wrist evaluation. In addition, all in attendance will receive instruction in the components and preparation of dental age estimation report writing.

“PARTICIPANTS” will practice hands-on age estimation utilizing the numerous techniques presented.

At the end of the Workshop, **“Participants”** will be given three dental age estimation cases and will be asked to perform age estimation through photographic and radiographic examination. A written report will be submitted for each case. The reports will be evaluated by members of the ABFO Dental Age Assessment Committee, and the results will be provided to the ABFO Certification and Examination Committee. Those **“Participants”** who meet the dental age assessment and report writing standard will receive credit for up to three age estimation cases toward ABFO board case credit.

“Participants” will receive thirty (30) hours of dental continuing education (CE) credit.

Disclaimer: Continuing Education (CE) credits received for this workshop will be validated by Concord Seminars and include AGD credit. The CE CERTIFICATE AWARDED IS NOT A CERTIFICATE OF COMPETENCY IN PERFORMING HUMAN DENTAL AGE ASSESSMENT.

Prerequisites for registration in the workshop are:

1. PC laptop computer with USB port and a separate mouse.
2. Practical knowledge and usage of imaging software (Adobe Photoshop) on their laptop computer.
3. Some prior knowledge, training or experience in dental age assessment is advantageous.

Online registration instructions will be posted on the ABFO website <http://www.abfo.org>. If you WANT TO REGISTER FOR THIS WORKSHOP, please contact Kathleen A Kasper DDS via email at exfiles11@aol.com AND A PAYPAL INVOICE WILL BE EMAILED TO YOU. For more information about this workshop you can call Kathleen A Kasper DDS, D-ABFO at (214) 673-3745.
